Attention Parents/Guardians of LCPS Students Receiving Special Education or 504 Services:

Please complete the Special Education Advisory Committee (SEAC)'s 2021 Annual Survey: https://surveyhero.com/c/SEACsurvey2021

Deadline: June 28, 2021

As an advisory committee to the School Board, SEAC solicits formal parent/guardian feedback each year to inform our work, help set priorities, and develop programming for the upcoming school year. Parent/guardian input is essential to ensure that SEAC can identify common themes that point to service gaps and systemic needs in the education of over 10,000 special education students in LCPS.

Please provide us with your anonymous feedback by answering the survey questions accessible through the link above no later than June 28, 2021. Be sure to complete one survey for each special education student that you have enrolled in LCPS. This survey should take approximately 15-20 minutes to complete. To obtain reliable and generalizable data to develop appropriate priorities in response to needs and concerns it is vital that we receive a large representative response rate.

SEAC meetings are open to the public and generally take place the first Wednesday of every month during the school year. Meetings begin at 6:00 pm. Please visit the SEAC page on the LCPS website later this summer for a list of meetings for the 2021-2022 school year, our presentation schedule, and guidelines for public comment. We hope you will join us!

On behalf of SEAC, thank you for your valuable input.

Sharon Tropf, SEAC Chair
