Sign In
this can be located at go.lcps.org

or you can find it under Resources on our homepage

Students log in with their username (lunch number) and password.
K-1 uses their 4-digit birthday
2-5 uses their STRONG password that was created in class.
*Teachers have record if needed.
These are all of the "apps" that your child will have access to. This is a sample student. Your child may have different "apps". The apps may move around as some are added or deleted.
This is how you would log in to Dreambox from LCPSgo. LCPSgo is a one sign-on application meaning that once the child logs in to LCPSgo, they *should not* have to log in to LCPSgo again.

Dreambox is a math program, similar to i-Ready. This program adjusts difficulty levels in a similar way to i-Ready.

K–2 Environment Video

3–5 Environment Video

If you get a flash error, you'll need to go to your settings and enable it.

*Teachers have a copy of directions if you need them.
1. Select Settings

2. In the search bar type either "flash" or "content settings", then click on the arrow to the right

3. Find "flash" and click on the arrow to the right

4. Be sure to allow sites to run flash
   AND
   Don't ask first.

5. You can also "allow" the site by adding the dreambox site to the allow portion
Google Chrome does not fully support Flash. As updates are pushed through, different Flash errors are appearing. We have found that using Internet Explorer is the best option when trying to use programs that require Flash.
GREAT video clips that help understanding in MANY different curriculum areas.
You can search in the search bar or select a specific area of study. These are explained very well, using fun characters. It's a great review or fun place to visit if your child has a specific area of interest.
No login needed if you go through LCPSgo
Many teachers have Xtra Math accounts. We can not add a link to each classroom in LCPSgo, but many teachers have added a link to their classroom website.
To get here, from LCPSgo,

1. Select PMK Home. This will take you to PMK's homepage.
2. Find your grade level and then teacher.
3. The link should be on the page somewhere.
*Teachers will provide log-in information for their class specific accounts
Razz Kids

Razz Kids is a reading program for students in grades K-3 only. Students will need to get login information from their classroom teacher. Once this is entered, a class will appear with student names. The student will click on his/her name. Student IDs can be given by his/her teacher.
You can access your child’s account through StudentVUE. This is also a one-click logon, so you should not need to enter a username/password.

This is where you can update your email as well as check grades, attendance and any messages that your teacher may have posted.
