

OCEANS STUDY GUIDE

Label the features of the ocean floor.

Sketch the location of the **Gulf Stream** on this map.

Four things make an ocean's waters move.

Complete this chart.

Basic motion	What happens?
<i>Waves</i>	
<i>Tides</i>	
<i>Currents</i>	
	<i>Affects density which causes movement.</i>

Draw a simple **ocean food web** in the space provided using the items listed in this word bank.

- phytoplankton**
- shark**
- squid**
- human**
- zooplankton**
