Is there a History textbook?

The teacher-created history notebook is used for our main source of instruction. But to help support background knowledge or learn more about the topics we will be covering, there is a **digital textbook** available through LCPSGO. Search for "Textbooks" and select "Pearson Easy Bridge" to access this textbook titled *United States History: Beginnings to 1865*. All students will be guided through this login process during history class.
