6th Grade History Expectations

- **Absentee Expectations:** Consult unit overview document and Schoology resources.

- **Homework:** Prepare for checkpoints (provide study evidence such as flashcards, two column notes, etc). Optional History Badges.

- **Tests:** Frequent Quizzes (checkpoints) and Unit Tests. Retakes are available according to the County-wide retake policy.

- **Performance Assessments:** These will be given two to three times per school year and are being used in place of the SOL to measure progress (not graded).
What is a Performance Assessment?

A performance assessment allows students to demonstrate **what they can do** with what they know.

It asks students to think and to produce-to demonstrate learning through work authentic to the discipline and/or real world.
