Standards of Learning (SOLs)

- Multiple-choice Standards of Learning (SOL) tests (IEP team should consider first)
- **Alternative** Assessment (= SOL) Collection of evidence that demonstrates student’s level of achievement on grade level standards of learning content
  - Students unable to demonstrate a level of proficiency of SOL grade level content knowledge in a multiple-choice format
- Grades 3 to 8 - **VGLA**
  - Virginia Grade Level Alternative Assessment
- Grades 9 to 12 (EOC tests) - **VSEP**
  - Virginia Substitute Evaluation Program
Aligned Standards of Learning (ASOL)

“The ASOL are academic standards that have derived from the SOL. The ASOL provide students with significant cognitive disabilities with access to cross-grade level SOL content that has been reduced in complexity and depth. Appropriate content-level standards have been identified for each content area: reading, writing, mathematics, science and history/social science.”

- **Alternate** Assessment - collection of evidence
- Virginia **Alternate** Assessment Program (VAAP)
- Only intended for a small group of students with significant cognitive disabilities
- Available for students in grades 3 to 8 and grade 11
ASOLs represent the SOL curriculum that has been reduced in depth and complexity.

## Assessment

### Standards of Learning (SOL)

1. Multiple Choice Tests (SOLs)
2. Virginia Grade Level Assessment (VGLA)
3. Virginia Substitute Evaluation Program (VSEP)
4. VDOE Approved Substitute tests

### Aligned Standards of Learning (ASOL)

1. Virginia Alternate Assessment Program (VAAP)

## Diploma Options

1. **ADVANCED STUDIES DIPLOMA**

DETERMINING HOW STUDENTS WITH DISABILITIES PARTICIPATE IN VIRGINIA’S ACCOUNTABILITY SYSTEM
“All students with disabilities in grades 3 through 8 and high school will participate in Virginia’s Accountability System. Students with disabilities will participate in the SOL assessments either with or without accommodations or in VGLA, VSEP, or VAAP.”

Determining How Students with Disabilities Participate in Virginia’s Accountability System

“For all students with disabilities identified under IDEA 2004, the IEP team determines how the student will participate in the accountability system.”

Virginia Department of Education

Procedures for Participation of Students with Disabilities in Virginia’s Accountability System

(Updated April 2010 – Pages 4-5)
The IEP team reviews:

- Educational Records
- Student performance on previous SOL tests
- Previous accommodations used
- Student’s current PLAFP (present level of academic and functional performance)
- Student’s current IEP goals
The IEP team reviews

- Student assessment samples and student work samples

VGLA documentation: Must collect, review and summarize student performance on 6 assessment samples (3 multiple-choice tests and 3 alternative format tests). These samples must be attached to the new 2010-11 VGLA participation form.
“Generally decisions about how a student with a disability will be tested should be made independently for each content area. When determining participation in Virginia’s Accountability System, all students with disabilities first must be considered for participation in the SOL assessments. A student’s IEP or 504 Plan must specify the student’s participation in the state accountability system as follows:
◦ participation in the SOL test with no accommodations;
◦ participation in the SOL test with accommodations;
◦ participation in the VGLA or VSEP;
◦ participation in the VAAP;”

**OPTION 1**

**If the student**

- a) is able to demonstrate knowledge and skills on a multiple choice test, either with or without accommodations;  
  and  
  b) is working on Standards of Learning at grade level

**Then**

the student should take the Standards of Learning test, either with or without accommodations.
### Option 2

**If the student**

- a) is enrolled in grades 3 through 8,  
  **and**
- b) has an IEP/504 Plan (or one is being developed),  
  **and**
- c) has a result of a disability, is unable to demonstrate knowledge and skills on a multiple-choice test, even with accommodations,  
  **and**
- d) is working on Standards of Learning that are at grade level,  
  **and**
- e) can demonstrate individual achievement of Standards of Learning content through means other than multiple-choice formats,

**Then**

the student should participate in the Virginia Grade Level Alternative.
**Option 3**

**If the student**
- a) has an IEP/504 Plan (or one is being developed) and is enrolled in a course with a Standards of Learning end-of-course test, **or**
- b) is pursuing a Modified Standard Diploma and seeking certification for having met literacy and/or numeracy requirements **and**
- c) has a result of a disability, is unable to demonstrate knowledge and skills on a multiple-choice test, even with accommodations,

**Then**
the student should participate in the Virginia Substitute Evaluation Program.
### Option 4

**If the student**

- a) has an IEP (or one is being developed), **and**
- b) demonstrates significant cognitive disabilities, **and**
- c) requires intensive, frequent, and individualized instruction in a variety of settings to show interaction and achievement, **and**
- d) is working toward educational goals other than those prescribed for a Modified Standard, Standard, or Advanced Studies Diploma

**Then**

the student should participate in the Virginia Alternate Assessment Program.
Assessment considerations...

- Assessment decisions are made every year at the annual IEP meeting
- Students may participate in the regular SOLs with/without accommodations
- May qualify for an *alternative* assessment (VGLA or VSEP) if unable to demonstrate proficiency of grade level content on a multiple-choice test even with accommodations.
- Students with significant cognitive disabilities may participate in the *alternate* assessment program (VAAP) – working toward a diploma other than the modified standard, standard or advanced studies.
Participation requirements...

- VGLA/VSEP/VAAP – students are assessed in the same content areas as their grade level peers
- VGLA/VSEP/VAAP – IEP team must complete participation forms to make student eligible
- VGLA/VSEP – participation/eligibility form must be completed for each content area considered
- VAAP – students participate in all content areas as their grade level peers (one collection for all content areas)

WHAT’S NEW IN ASSESSMENT FOR 2010/11?
Goodbye VGLA
New legislation...

- HB340 passed March 2010 – *phases out VGLA* and mandates *new documentation* requirements

- VDOE Superintendent’s Memo
  
  #96-10 dated April 23, 2010
  
  - Math VGLA – available this year only
  - Reading VGLA – available next two years
HB304, which was passed by the 2010 General Assembly and signed by the Governor, states:

An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for that student.

**The superintendent and the school board chairman shall certify to the Board of Education, as part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative.** Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.
What’s new about VGLA?

• New for 2010/11
  ◦ New VGLA participation form
  ◦ New documentation requirements for eligibility (6 assessment samples)

• New lens on:
  ◦ Grade level work
  ◦ Demonstration of depth of knowledge of the SOL
Stricter scoring rules....

- Highest score that can be awarded = 1 if
  - Below grade level work or
  - No depth of knowledge of SOL content is shown

VDOE Superintendent’s Memo #96-10 dated April 23, 2010
FUTURE OF STATEWIDE ASSESSMENTS IN VIRGINIA
The future of VGLA

- VGLA math will only be available this year.
- VGLA reading will be available for two years – through school year 2011/12.
- VGLA will continue to be available for science and history/social sciences.
New assessment

- VMAST – Virginia Modified Achievement Standards Test (online assessment)
  - VMAST math available SY 2011/12
    - Math grades 3 – 8
    - Algebra I
  - VMAST reading available 2012/13
    - Reading grades 3 – 8
    - EOC English
What is the VMAST?

Students participating in the Virginia Modified Achievement Standards Test (VMAST) are expected to learn grade level content; however, they may require additional time and a variety of instructional and assessment supports. Students participating in VMAST do not receive a modified curriculum; the achievement expectations are modified and difficulty is reduced by including tools and supports that allow participating students to access and demonstrate knowledge of grade-level content. Eligibility for VMAST must be determined separately for reading and mathematics.

• Arrange passage information using graphic organizers
• Reduce unnecessary language in passage
• Excerpt sections of passage and present with related items
