Students should always be aiming for a 3 or better on any project objective.

***If students receive below a 3 on an assignment, they have 2 weeks after being given a grade or until the end of the quarter *(whichever comes first)* to bring that grade up, either by:
-redoing the assignment,
-improving the existing product,
-or completing relevant work for the project (more info on this on a case by case basis)***

If a student is absent due to illness or home concerns, Ms. Garfield will work with that student and family in whatever way she can.
