

August 2021

Dear Parent or Guardian,

I want to welcome you and your child to my 3rd grade classroom. This is my twenty-eighth year teaching and I am very excited about the start of the new school year.

Each child brings a unique element to our classroom. They are valued members of our community. I work hard to create a classroom community where students are encouraged to pursue their interests as well as discover the content we are learning. I integrate a variety of innovative ideas into my classroom so I am better able to meet the unique needs of your child. Because I know each student has an unlimited potential, I have high expectations for each child and do everything I can to help them meet their goals and mine.

Your support will be a key element in your child's success this year. We will be studying a lot of challenging new information. Please take the time to talk with your child about school each day so you are able to support him/her academically and emotionally during this very demanding year.

I maintain a classroom website linked to Catoclin's website with information we are learning and opportunities to review content learned. If you have questions or concerns, you can call me at school, send in a note with your child, or email me at danelle.moser@lcps.org. I believe the best way to help your child succeed is to keep the lines of communication open.

I hope to see you during our back to school night and open house.

I am looking forward to a wonderful year!

Sincerely,
Danelle Moser
