Library Happenings

Has Simon been traveling lately? No, he posed in front of the library's green screen! Using Britannica's Image Quest, we took one picture of Simon and inserted 3 different backgrounds. The green screen is available for student & teacher use. Send students down in small groups to work on their multimedia project. Coming Soon to the library—6 person media table! Thank you, Mrs. Loya!

Lessons, instruction, & presentations, oh my!

First quarter was a busy one teaching Digital Citizenship, research skills, and Google Classroom netiquette lessons with 6th grade. A website evaluation flipped lesson is helping to kick off 8th grade Genius Hour projects. Book club discussions included *Brotherhood* by A.B. Westrick and *Challenger Deep* by Neal Shusterman, and Manga Club is off and running. Like to see other examples? Check out the student [pathfinder page](#).
