PARENT PERMISSION TO ISSUE 180-DAY PROVISIONAL DRIVER'S LICENSE

I certify that my child is mentally, physically and otherwise able to operate a motor vehicle safely. I authorize issuance of a 180-day temporary driver's license and certify that the student is attending school regularly and is in good standing. If the student is not in good standing, I understand the Commonwealth's interest in regular school attendance and good academic standing and still **authorize issuance of a Virginia driver's license**.

At this time, I do NOT authorize the school to issue my child a 180-day provisional license (TDL-180).

I understand the TDL-180 will be kept in the student's file until the school receives further direction from a parent or legal guardian.

Note: A parent/guardian may cancel a minor's driver's license at any time.

Please review the following information carefully.

1. Successful completion of a state-approved driver education program does not imply that your child is an experienced driver.
2. Parents or guardians must sign their child's 180-day provisional license (TDL-180) and provide their DMV-issued driver's license or ID number.
3. Parents should contact their insurance company/insurance agent to add the new driver.
4. When operating a motor vehicle, young drivers should have in their possession a valid Virginia learner's permit, a valid 180-day provisional driver's license, the vehicle's registration card and insurance information.
5. Upon successful completion of a state-approved driver education program that includes a road skills evaluation, and with parent/guardian approval, the school will issue your child a 180-day temporary license and send a copy to DMV. Please make sure that the address on your child's learner's permit is current. For additional information on receiving your child's laminated copy of the driver's license, contact your local Juvenile and Domestic Relations Court.
