

Health and PE Reassessment Policy

All students are permitted to make up an assessment that they received under an 84%. It is the students' responsibility to communicate their desire to retake an assessment with their teacher, then together, decided on a time to meet for remediation. The student must attend a remediation period, with-in two weeks of taking the original assessment, to be eligible to make up that assessment. The assessment will be retaken within 1 week of the remediation period. The second assessment will be the grade that is counted and can be no higher than an 84%.
