

Meet the Teacher

Shamara Minto, Resource

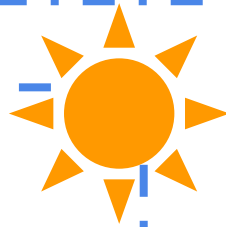

About Me:

I have worked with children for 10 plus years. I started my career in New York as an after school P.B.L. instructor, summer camp leader, in a middle school as an art teacher and high school as a special educator. Upon my move to Virginia I worked in residential treatment centers and supported adolescents with social emotional needs. I know this will be a great year and I am looking forward to being a part of the Horizon team.
