

## **Study Hall and Learning Lab Information 2020 – 2021**

This year, even during Distance Learning, students are still assigned to a study hall during their free blocks. Students are expected to log in during this time, and attendance will be taken at the start of the study hall period by their proctor.

Our two Study Hall teachers this year are:

Ms. Crotty (Google Meet Nickname **whscrotty**)

Mr. Vangilder (Google Meet Nickname **whsbvangilder**)

Students can use this time to work on assignments, or they can check in with any of our Learning Labs for assistance. Teachers will be available throughout all blocks in every department, and in many cases there are multiple teachers in each department available for support.

The Google Meet links for each of the Learning Labs can be found on the school website under the Academics tab.

For any questions regarding study hall or Learning Lab, please contact Dr. Cuozzo, our Academic Coordinator, at **Christopher.Cuozzo@lcps.org**.
