2023 Abstract Book

### RSEF Information for Students Conducting Research

Every March, students from almost every high school and at the Academies of Loudoun enter research and engineering projects in the LCPS Regional Science and Engineering Fair (RSEF) to compete for a variety of prizes. These prizes include placing 1st, 2nd or 3rd in one of [22 categories](#) (which comes with a monetary award) as well as numerous special awards that include certificates, monetary awards, opportunities to participate in special events, and various other prizes. A small group of projects are also chosen as our Finalists who will represent LCPS as competitors at the [International Science and Engineering Fair \(ISEF\)](#). Along with monetary awards from RSEF, these finalists are provided an all expenses paid trip to ISEF where they will have the opportunity to compete in [categories and grand awards](#) totaling almost \$400,000. The top prize is \$75,000 with two other awards of \$50,000 each. They will also compete in the [ISEF Special Awards Program](#), awards totaling around \$4 million in tuition scholarships, summer internships, scientific field trips and laboratory equipment.

The LCPS Regional Science and Engineering Fair (RSEF) is intended to:

### 2024 RSEF Judges Registration

Judges Registration for the 2024 LCPS Regional Science & Engineering Fair will open soon.
