Leesburg, Virginia 20175

RE: ZMAP-2022-0004, Desai Residential

Dear Ms. Radcliffe-Meyers:

School Board staff has reviewed the fourth submission materials for Desai Residential.

While there has been no change to the proposed residential component (44 single-family detached residential units), staff offers an updated assessment of the impact of this development on schools. Please note that the updated assessment reflects Loudoun County Public Schools (LCPS) 2022 Dulles South Planning District student generation factors. The provided six-year student enrollment overview and the detail on unbuilt residential development in the Dulles South Planning district is an excerpt from the *School Board Adopted FY 2024-FY 2029 Capital Budgets*, dated December 13, 2022.

Thank you for the additional opportunity to comment on the Desai Residential application. Should you require further information, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Beverly I. Tate".

DULLES SOUTH PLANNING DISTRICT RESIDENTIAL DEVELOPMENT

LCPS Planning and GIS Services staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2022 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.

Leesburg, Virginia 20175

RE: ZMAP-2022-0004, Desai Residential

Dear Ms. Radcliffe-Meyers:

School Board staff has reviewed the second submission application for Desai Residential. Based on 2022 Loudoun County Public Schools (LCPS) Dulles South planning district student generation factors, the proposed 44 single-family detached homes will generate a total of 40 school-age children upon build-out: 17 elementary school-age children (grades K-5), 10 middle school-age children (grades 6-8), and 13 high school-age children (grades 9-12). The attached assessment outlines the operational and capital impact of the project on LCPS.

LCPS student enrollment will continue to grow from approved residential projects as well as future proposed developments. Not only do student demographics within existing subdivisions change annually and over time, but additional residential development also impacts school enrollments and capacities. Staff has included a six-year student enrollment overview of the LCPS Dulles South planning district schools, including detail on unbuilt residential development within the same area, for County staff and policy makers to assess regarding the overall impact of the project on LCPS. The information is an excerpt from the ***School Board Adopted FY 2024-FY 2029 Capital Improvement Program (CIP)***, dated December 13, 2022.

As calculations indicate that public schools account for a significant portion of Loudoun's capital expenditure costs, School Board staff requests that a proportionate share of the applicant's capital facility contribution be set aside specifically for public school capital projects. This designation should be noted in the proffer statement for Desai Residential. In addition to new school construction, major renovations, and rehabilitation projects at existing school facilities in Dulles South planning districts are being reviewed and initiated by the School Board. The associated costs are significant, and the proffer dollars would help offset such expenditures.

And finally, safe walking paths remain an important concern for the School Board, staff, and parents of children who attend our schools. The provided Concept Development Plan (sheet 3 of 5), dated November 17, 2022, shows sidewalk construction throughout the development; this is

Ms. Lori Radcliffe-Meyers
ZMAP-2022-0004, Desai Residential
December 22, 2022
Page 2

noted and appreciated.

Thank you for the opportunity to comment on the Desai Residential application. Each approved residential project impacts capital facility expenditures and operational costs, and increased costs can be anticipated with each additional school-age child residing in Loudoun County.

Should you require further information, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Tate", with a horizontal line extending to the right.

DULLES SOUTH PLANNING DISTRICT RESIDENTIAL DEVELOPMENT

LCPS Planning and GIS Services staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2022 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.

RE: ZMAP-2022-0004, SPEX-2022-0021 & ZMOD-2022-0022 through ZMOD-2022-0024,
Desai Residential

Dear Mr. Wackrow:

School Board staff has reviewed the referenced application for Desai Residential; comments are provided specific to the zoning map amendment (ZMAP-2022-0004). Based on 2021 Loudoun County Public Schools (LCPS) Dulles South planning district student generation factors, the proposed 30 single-family detached and 8 single-family attached residential units will generate a total of 33 school-age children upon build-out: 14 elementary school-age children (grades K-5), 8 middle school-age children (grades 6-8), and 11 high school-age children (grades 9-12). The attached assessment outlines the operational and capital impact of the project on LCPS.

LCPS student enrollment will continue to grow from approved residential projects as well as future proposed developments. Not only do student demographics within existing subdivisions change annually and over time, but additional residential development also impacts school enrollments and capacities. Staff has included a six-year student enrollment overview of the LCPS Dulles South planning district schools, including detail on unbuilt residential development within the same area, for County staff and policymakers to assess regarding the overall impact of the project on LCPS. The information detail is an excerpt from the ***School Board Adopted FY 2023-FY 2028 Capital Improvement Program***, dated January 11, 2022.

As calculations indicate that public schools account for a significant portion of Loudoun's capital expenditure costs, School Board staff requests that a proportionate share of the applicant's capital facility contribution be set aside specifically for public school capital projects. This designation should be noted in the proffer statement for Desai Residential. In the LCPS Dulles South planning district, in addition to new school construction, major renovations and rehabilitation projects at existing school facilities are being reviewed and initiated by the School Board. The associated costs are significant, and the proffer dollars would help offset such expenditures.

And finally, safe walking paths remain an important concern for the School Board, staff, and parents of children who attend our schools. The provided Concept Development Plan (sheet 3),

Mr. Paul Wackrow
ZMAP-2022-0004, SPEX-2022-0021 & ZMOD-2022-0022 through ZMOD-2022-0024, Desai
Residential
June 10, 2022
Page 2

dated March 16, 2022, shows sidewalk construction throughout the development, this is noted and appreciated.

Thank you for the opportunity to comment on the Desai Residential application. Each approved residential project impacts capital facility expenditures and operational costs, and increased costs can be anticipated with each additional school-age child residing in Loudoun County.

Should you require further information, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to be 'B. Tate', with a long horizontal stroke extending to the right.

Beverly I. Tate, Director
