DULLES AREA ELEMENTARY SCHOOL ATTENDANCE ZONE PROCESS

QUESTIONS & ANSWERS

Posted 20 October 2021

Q1. We were listening to the live [October 13, 2021] webcast on the new school rezoning process. It was confirmed that Winsbury communities have been recommended to the new school. We are concerned that we do not have a walk way to the school. Also, we cannot turn left from Arcola Mills Road to Stone Springs Blvd, which makes us drive around through US 50 or Belmont Ridge Road every day. Please let us know if school bus will be provided to students from Winsbury, Winsbury West and Arcola Vista.

A1. The Staff Plan, presented to the School Board on October 13, 2021, does recommend the Winsbury, Winsbury West and Arcola Vista communities (in Planning Zone DS11) be assigned to Elaine E. Thompson Elementary School. Should the School Board adopt this plan, Loudoun County Public Schools (LCPS) bus transportation would be provided to/from Elaine E. Thompson Elementary School for these communities based on the current infrastructure/road network and traffic patterns.
