RE: SBRD 2020-0002 English Oaks Estates, Section 2

Dear Mr. Himel:

School Board staff has reviewed the referenced application for English Oaks Estates, Section 2. Based on 2019 Loudoun County Public Schools (LCPS) student generation factors for the Central Loudoun planning district, the proposed 8 single-family detached residential units will generate a total of 5 school-age children upon build-out: 2 elementary school-age children (grades K-5), 1 middle school-age child (grades 6-8), and 2 high school-age children (grades 9-12). The attached assessment outlines the operational and capital impact of the project on LCPS.

Staff has also included a six-year student enrollment overview of LCPS Central Loudoun planning district schools, as well as details on approved, unbuilt residential development within the same area, for County staff and policy makers to assess regarding the overall impact of the project on area elementary and secondary schools. The information detail is an excerpt from the *School Board Adopted FY 2021-FY 2026 Capital Improvement Program*, dated December 17, 2019.

Thank you for the opportunity to comment on the English Oaks Estates, Section 2 application. The Loudoun County School Board is concerned about all land development applications. Capital facility expenditures and operational costs are significantly impacted by each approved residential project, and both can be anticipated to increase with each additional school-age child that resides in Loudoun County.

Should you require further information, please contact me at your earliest convenience.

Sincerely,

Beverly I. Tate, Director

**CENTRAL LOUDOUN PLANNING DISTRICT
RESIDENTIAL DEVELOPMENT**

LCPS Planning staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive, and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2019 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.
