Mr. Bryce Johnson
County of Loudoun
Department of Planning and Zoning
1 Harrison Street, SE
Leesburg, Virginia 20175

RE: ZMAP-2021-0020 and ZMOD-2022-0056, Goose Creek Club II

Dear Mr. Johnson:

School Board staff has reviewed the second submission application for Goose Creek Club II; comments are provided specific to the zoning map amendment (ZMAP-2021-0020). Based on 2021 Loudoun County Public Schools (LCPS) Central Loudoun planning district student generation factors, the proposed 7 single-family detached and 81 single-family attached residential units will generate a total of 46 school-age children upon build-out: 20 elementary school-age children (grades K-5), 11 middle school-age children (grades 6-8), and 15 high school-age children (grades 9-12). The attached assessment outlines the operational and capital impact of the project on LCPS.

LCPS student enrollment will continue to grow from approved residential projects as well as future proposed developments. Not only do student demographics within existing subdivisions change annually and over time, but additional residential development also impacts school enrollments and capacities. Staff has included a six-year student enrollment overview of the LCPS Central Loudoun planning district schools, including detail on unbuilt residential development within the same area, for County staff and policy makers to assess regarding the overall impact of the project on LCPS. The information detail is an excerpt from the *School Board Adopted FY 2023-FY 2028 Capital Improvement Program*, dated January 11, 2022.

As calculations indicate that public schools account for a significant portion of Loudoun's capital expenditure costs, School Board staff requests that a proportionate share of the applicant's capital facility contribution be set aside specifically for public school capital projects. This designation should be noted in the proffer statement for Goose Creek Club II. In the LCPS Central Loudoun planning district, renovations and rehabilitation projects at existing school facilities are being reviewed and initiated by the School Board; residential growth within this area of Loudoun may also trigger the need for additional schools to serve future students. The associated costs are significant, and the proffer dollars would help offset such expenditures.

Mr. Bryce Johnson
ZMAP-2021-0020 and ZMOD-2022-0056, Goose Creek Club II
August 23, 2022
Page 2

And finally, safe walking paths remain an important concern for the School Board, staff, and parents of children who attend our schools. The provided Pedestrian Access Plan (sheet 11), dated July 26, 2022, shows sidewalk construction throughout the development, this is noted and appreciated.

Thank you for the opportunity to comment on Goose Creek Club II application. Each approved residential project impacts capital facility expenditures and operational costs, and increased costs can be anticipated with each additional school-age child residing in Loudoun County.

Should you require further information, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Tate", with a long horizontal stroke extending to the right.

Beverly I. Tate, Director

**CENTRAL LOUDOUN PLANNING DISTRICT
RESIDENTIAL DEVELOPMENT**

LCPS Planning staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive, and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2021 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.

RE: ZMAP-2021-0020, ZMOD-2021-0088 and ZMOD-2021-0089, Goose Creek Club II

Dear Mr. Johnson:

School Board staff has reviewed the referenced application for Goose Creek Club II; comments are provided specific to the zoning map amendment (ZMAP-2021-0020). Based on 2021 Loudoun County Public Schools (LCPS) Central Loudoun planning district student generation factors, the proposed 82 single-family attached residential units will generate a total of 43 school-age children upon build-out: 19 elementary school-age children (grades K-5), 10 middle school-age children (grades 6-8), and 14 high school-age children (grades 9-12). The attached assessment outlines the operational and capital impact of the project on LCPS.

LCPS student enrollment will continue to grow from approved residential projects as well as future proposed developments. Not only do student demographics within existing subdivisions change annually and over time, but additional residential development also impacts school enrollments and capacities. Staff has included a six-year student enrollment overview of the LCPS Central Loudoun planning district schools, including detail on unbuilt residential development within the same area, for County staff and policy makers to assess regarding the overall impact of the project on LCPS. The information detail is an excerpt from the *School Board Adopted FY 2023-FY 2028 Capital Improvement Program*, dated January 11, 2022.

As calculations indicate that public schools account for a significant portion of Loudoun's capital expenditure costs, School Board staff requests that a proportionate share of the applicant's capital facility contribution be set aside specifically for public school capital projects. This designation should be noted in the proffer statement for Goose Creek Club II. In the LCPS Central Loudoun planning district, renovations and rehabilitation projects at existing school facilities are being reviewed and initiated by the School Board; residential growth within this area of Loudoun may also trigger the need for additional schools to serve future students. The associated costs are significant, and the proffer dollars would help offset such expenditures.

And finally, safe walking paths remain an important concern for the School Board, staff, and parents of children who attend our schools. The provided Pedestrian Access Plan (sheet 11), dated October 2021, shows sidewalk construction throughout the development, this is noted and appreciated.

Mr. Bryce Johnson

January 31, 2022

Page 2

Thank you for the opportunity to comment on Goose Creek Club II application. The School Board appreciates awareness on all land development applications. Capital facility expenditures and operational costs are impacted by each approved residential project, and both can be anticipated to increase with each additional school-age child that resides in Loudoun County.

Should you require further information, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Tate", with a long horizontal stroke extending to the right.

**CENTRAL LOUDOUN PLANNING DISTRICT
RESIDENTIAL DEVELOPMENT**

LCPS Planning staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive, and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2021 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.

**Central Loudoun Planning District
Approved, Unbuilt Residential Development
as of September 2021**

SFD - Single Family Detached SFA - Single Family Attached MF - Multifamily
