**DULLES SOUTH PLANNING DISTRICT
RESIDENTIAL DEVELOPMENT**

LCPS Planning staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive, and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2021 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.

**Dulles South Planning District
Approved, Unbuilt Residential Development

RE: ZMAP-2021-0001, Gum Spring Residential

Dear Mr. Johnson:

School Board staff has reviewed the second submission materials for the Gum Spring Residential application.

Since the number of proposed residential units has not changed, staff offers no further comments from those originally conveyed on February 26, 2021.

Thank you for the additional opportunity to comment on the Gum Spring Residential application. Should you require further information, please contact me at your earliest convenience.

Sincerely,

Beverly I. Tate, Director

RE: ZMAP 2021-0001 Gum Spring Residential

Dear Mr. Johnson:

School Board staff has reviewed the referenced application for Gum Spring Residential. Based on 2019 Loudoun County Public Schools (LCPS) Dulles South planning district student generation factors, the proposed 12 single-family attached residential units will generate a total of 8 school-age children upon build-out: 3 elementary school-age children (grades K-5), 2 middle school-age children (grades 6-8), and 3 high school-age children (grades 9-12). The attached assessment outlines the operational and capital impact of the project on LCPS.

Staff has also included a six-year student enrollment overview of LCPS Dulles South planning district schools, as well as details on approved, unbuilt residential development within the same area, for County staff and policy makers to assess regarding the overall impact of the project on area elementary and secondary schools. The information detail is an excerpt from the *School Board Adopted FY 2022-FY 2027 Capital Improvement Program*, dated December 15, 2020.

A review of Loudoun's approved residential development suggests that LCPS can anticipate an additional 10,000 students over the next six years. This calculation does not embody children who are currently being served by LCPS nor does it include future potential students from additional proposed rezonings and/or by-right developments. Not only do student demographics within existing subdivisions change annually and over time, but additional residential projects will also impact the future enrollments and capacity of area schools.

As calculations indicate that public schools account for a significant portion of Loudoun's capital expenditure costs, School Board staff requests that a proportionate share of the applicant's capital facility contribution be set aside specifically for public school capital projects. This designation should be noted in the proffer statement for Gum Spring Residential. In the LCPS Dulles South planning district, in addition to new school construction, major renovations and rehabilitation projects at existing school facilities are being reviewed and initiated by the School Board. The associated costs are significant, and the proffer dollars would help offset such expenditures.

And finally, safe walking paths remain an important concern for the School Board, staff, and parents of children who attend our schools. The provided Circulation Plan (sheet 5), dated January 18, 2021 illustrates construction of sidewalks throughout the development; this is noted and appreciated.

Mr. Bryce Johnson
ZMAP 2021-0001 Gum Spring Residential
February 26, 2021
Page 2

Thank you for the opportunity to comment on Gum Spring Residential application. The School Board is concerned about all land development applications. Capital facility expenditures and operational costs are significantly impacted by each approved residential project, and both can be anticipated to increase with each additional school-age child that resides in Loudoun County.

Should you require further information, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to be 'B. Tate', with a long horizontal stroke extending to the right.

Beverly I. Tate, Director

B - THE 2020-21 BASE CAPACITY FOR JOHN CHAMPE HS REFLECTS FOUR (4) MODULAR CLASSROOMS ON SITE; WITHOUT THE MODULAR CLASSROOMS, CAPACITY AT JOHN CHAMPE HS WOULD BE 2039.

**DULLES SOUTH PLANNING DISTRICT
RESIDENTIAL DEVELOPMENT**

LCPS Planning staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive, and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2019 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.

**Dulles South Planning District
Approved, Unbuilt Residential Development
as of September 2020**

SFD - Single Family Detached SFA - Single Family Attached MF - Multifamily

Residential Development	Approved Residential Units				Potential LCPS Students			% Complete, as of 9/2020
