

Loudoun County Public Schools Community Information Meetings on Future School Facility Projects

Loudoun County Public Schools (LCPS) Department of Support Services continues to schedule monthly community meetings to share information on funded, planned and proposed school capital projects. By design and to focus the discussion and public involvement, each community meeting will spotlight a specific geographic area of Loudoun County. The March and April meetings will highlight LCPS' Dulles South and Dulles North planning districts, respectively. Additional community meetings for other areas of the county will be scheduled and announced.
