RE: LEGI-2023-0076/ZMAP-202-0007, Stone Hill Residential  
(formerly Loudoun Valley Apartments Rezoning)

Dear Ms. Britain:

School Board staff has reviewed the second submission materials for the Stone Hill Residential application. The attached project assessment reflects the revised residential unit count (19 single-family attached and 100 multi-family residential units) and outlines the operational and capital impact of the application on Loudoun County Public Schools (LCPS). Also provided is a six-year student enrollment overview as well as detail on unbuilt residential development in the LCPS Dulles North Planning district; this is an excerpt from the *School Board Adopted FY 2025-FY 2030 Capital Budgets*, dated December 12, 2023.

Thank you for the additional opportunity to comment on the Stone Hill Residential application. Should you require further information, please contact me at your earliest convenience.

Sincerely,

Beverly I. Tate, Director

## DULLES NORTH PLANNING DISTRICT RESIDENTIAL DEVELOPMENT

LCPS Planning and GIS Services staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth. Detail on proposed/pending residential development applications, as of September 2023, is provided in Appendix F.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive, and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2023 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.

RE: ZMAP-2023-0007, Loudoun Valley Apartments Rezoning

Dear Ms. Britain:

School Board staff has reviewed the zoning map amendment application for Loudoun Valley Apartments Rezoning. Based on 2022 Loudoun County Public Schools (LCPS) Dulles North planning district student generation factors, the proposed 255 multi-family residential units will generate a total of 84 school-age children upon build-out: 35 elementary school-age children (grades K-5), 20 middle school-age children (grades 6-8), and 29 high school-age children (grades 9-12). The attached assessment outlines the operational and capital impact of the project on LCPS.

LCPS student enrollment will continue to grow from approved residential projects as well as future proposed developments. Not only do student demographics within existing subdivisions change annually and over time, but additional residential development also impacts school enrollments and capacities. Staff has included a six-year student enrollment overview of the LCPS Dulles North planning district schools, including detail on unbuilt residential development within the same area, for County staff and policymakers to assess the overall impact of the project on LCPS. The information detail is an excerpt from the *School Board Adopted FY 2024-FY 2029 Capital Budgets*, dated December 13, 2022.

As calculations indicate that public schools account for a significant portion of Loudoun's capital expenditure costs, School Board staff requests that a proportionate share of the applicant's capital facility contribution be set aside specifically for public school capital projects. This designation should be noted in the proffer statement for Loudoun Valley Apartments Rezoning. In addition to new school construction, major renovations, and rehabilitation projects at existing school facilities in the Dulles North planning districts are being reviewed and initiated by the School Board. The associated costs are significant, and the proffer dollars would help offset such expenditures.

Safe walking paths remain an important concern for the School Board, staff, and parents of

children who attend our schools. The provided Pedestrian Connectivity Plan (sheet 11), dated June 7, 2023, shows sidewalk construction throughout the development; this is noted and appreciated.

Thank you for the opportunity to comment on the Loudoun Valley Apartments Rezoning application. Each approved residential project impacts capital facility expenditures and operational costs, and increased costs can be anticipated with each additional school-age child residing in Loudoun County.

Should you require further information, please contact me at your earliest convenience.

Sincerely,

## DULLES NORTH PLANNING DISTRICT RESIDENTIAL DEVELOPMENT

LCPS Planning and GIS Services staff tracks residential building permit activity for Loudoun County and its incorporated towns. The monitoring includes both rezoned and by-right developments (i.e., approved, proposed, inactive) and construction status. Tracking the approved under construction and approved future "pipeline" development assists staff in estimating student growth.

Residential development detail is provided for approved, but not yet completed, residential projects in LCPS geographic planning districts. Complete, proposed, inactive and/or age-restricted residential applications are excluded from the below provided information. Utilizing 2022 student generation factors, the number of potential LCPS students has been calculated based on the remaining number of residential units to be constructed.
