

Dear MD Program students and parents,

Welcome to a new school year! I hope everyone had a restful and exciting summer! I am looking forward to starting my 4th year of teaching here at Sycolin Creek. We will have an exceptional year ahead. We will be digging into math, science, social science, reading, and functional life skills will also be covered to address every student's needs as well as bi-weekly community outings (Community Independence Instruction) and new this year The Salamander's Breakfast Cart. More information will be sent home later about these special events.

I am looking forward to a fantastic school year of working together with each and every one of you!
