

Overview

Loudoun County has initiated the development of a course delivery system to facilitate communication between students and teachers. All LCPS students have accounts in the system. As teachers begin using the LoudounVision course delivery system, students will need to log onto the system, register for courses and access resources supplied by teachers.

Finding a Course(s)

After changing your password and editing your profile, you should indicate which course(s) you want to be enrolled in. There are two possible ways to be enrolled in a course. Students can be enrolled into a course by their instructor. If you have already been enrolled into a course, the course will appear on the welcome screen for LoudounVision after logging in.

Search courses:

After navigating to the Loudoun Valley courses, find the course(s) indicated by your teacher in which you should enroll. In most cases, an enrollment key will be provided by your teacher to allow you to enroll in the course. Courses for students are listed by teacher last names. If you can't find a course, contact your teacher or email [Mr. Hicks](#) for technical support.

After enrolling in the course, the course will show up on the initial page under 'My Courses' each time you log in.
