### **What is the 13th Man?**

The 13th Man is a sports metaphor for someone who almost makes the team, but doesn't. This play on words is the inspiration for the creation of the 13th Man. The 13th Man serves as a vehicle to help these outstanding young men to reach their goals and aspirations as they become future leaders. Established in 2014, the 13th Man's is a nonprofit leadership development organization for young men ages 12-17.

Our mission is to elevate the lives of young men through empowerment, development, and leadership engagements.

Our goal is to create the next generation of well-rounded leaders that are civic and community minded, and academic focused. The organization accomplishes its goal by instilling leadership skills, providing mentoring, personal development, and ongoing enrichment.
