Hooking up a VCR to the Promethean

1. Plug in the Audio/Visual cable to the back of the VCR. (no cable, see Tech Team)
   *Cable color needs to match the color connectors.

2. Locate the silver box on the wall (look around the room it’s not always by the Promethean)

3. Plug in the other end of the Audio/Visual cable into the wall outlet.
   *Cable color needs to match the color connectors.

4. Turn on the Promethean
   On the Promethean Remote press ‘Video’
