

## Las comparaciones

When using **adjectives** to make comparisons about characteristics like: “He is as **tall** as she is.”

Use this formula:

**\*\*This formula is used to compare \_\_\_\_\_.**

**\*\*The “constants” in the formula are \_\_\_\_\_, \_\_\_\_\_, and \_\_\_\_\_.**

**\*\*The parts that MUST agree are \_\_\_\_\_ with \_\_\_\_\_ and \_\_\_\_\_ with \_\_\_\_\_.**

**First, choose a Thing 1 from the box on the left. Then, pick an adjective from the box on the right. Finally, create a sentence to show equality with a Thing 2. You may also use your own subjects or adjectives. Be creative!**
