Let's Talk About It:

How to Help Students with Disabilities Learn Language Using Augmentative/Alternative Communication Systems

How Should a Communication System be Organized and How Can I Teach My Child How to Use It?

Monday, November 25, 2019

9:00 am—11:00 am **OR**

6:00 pm—8:00 pm

LCPS Administrative Building

21000 Education Court

Ashburn, VA 20148

How is it we can learn to type, play instruments, or even drive a car? Repeating the same action helps us become better and faster at completing it. This session will discuss the importance of keeping words in the same location to help students learn where they are. One of the best ways to help students learn where the words are and to help them learn what they mean is for others to show them by using the system themselves. If we use the system, they'll see how to use the system. This session will focus on practicing the skill of modeling on a student's communication system.

Register by calling **Parent Resource Services** at 571-252-6540, or go to lcps.org/ParentResourceServices, or [CLICK](#) to register online.

If, due to a disability, you need assistance to enable you to participate in a workshop or need an interpreter, call **Parent Resource Services** at 571-252-6540 at least five business days prior to the event.
