

Kindergarten OTTW: We Can Help!

Authentic Problem:

How can we help people who do not have enough food to eat?

Connection to the Community:

There is a backpack program for children in Loudoun County who do not have enough to eat on the weekends. The backpack is sent home full of food on Friday afternoon.

Public Product:

During their visit to kindergarten for American Education week, parents are asked to bring specific non-perishable food items for the backpacks.
