TRANSPORTATION

Bus transportation will be provided from central pick-up points throughout the county. Students must attend the summer school site assigned for their base school. When you register for summer school online, you will be asked to select the pick-up point. Bus transportation for summer school is not the same as in the regular school year. The buses pick students up at the
local schools, so you will need to know which school (either elementary, middle or high) is closest to your home. Parents can use LCPS Planning Service’s tool linked below to assist with locating the closest elementary, middle, or high school.
