## Also:

- If we are on Distance learning past the 1<sup>st</sup> quarter, you will be given opportunities to check out art supplies from the BW art room. You **MUST** agree to the terms (in the art supply survey link) and your parents will be asked to sign a permission click form acknowledging your responsibility when checking out supplies.
- IF you want to purchase your own supplies, here is a 'shopping list'. You **DO NOT** need to purchase these items. They are just reliable brands that we use in our art class/studio. You **DO NOT** need to purchase these brands or purchase from the store on the shopping list. IT is just an FYI: [Click HERE to see LIST](#)
- For various projects, you may be asked to bring in a variety of items, found materials, or objects to use in the for your art. You will have plenty of notice about this, but when asked, please bring them in, in a timely manner.

Wish List

The art room is ALWAYS in need of the following: Baby Wipes, Old Magazines/Calendars, Styrofoam Egg Cartons, Still Life Objects (clocks, hats, vintage items, fake food, etc), Hair Dryers, hand tools, mechanical tools (working or not), "parts" of things (mechanical or otherwise), **Small Lamps, Clip on spot lights**, we will take almost anything interesting looking and moderate in size.....THANKS for thinking of us!

Example of a Multi Purpose Sketch Diary- Can be found online or in most craft stores. You do not need to buy this brand, it is just an example 😊

*It is **VERY important that art 3 have the mixed media/ multi purpose sketch diary!***

### Notes about the Sketch Diaries:

**Art 2 Students:** 60 lb minimum paper weight (Medium/light weight) (pretty sturdy- not thin) You will draw, glue, ink, watercolor, etc in your diaries this year so the paper needs to hold up

**Art 3 Students:** 90 lb minimum paper weight (Medium weight) Thicker paper to hold up to wet and dry media as well as collaging. You will work aggressively in your diary and it needs to be able to withstand heavy use

**Art 4 Students:** Choose whatever sketch diary will suite your need for creating this year. If you have over 50 sheets in an existing sketch diary, they you may use an old one if you would like

**AP Studio Students:** You should have already been working and have your diary ¼ the way filled at the start of the school year!

**TIP:** If you can, feel the paper and see if you like the texture of it. IF buying online- Vellum is super smooth as is warm press. If you like a more textured paper, then paper with tooth, texture may be a good fit for you, it may also be referred to as cold press. Paper texture is a personal choice.

Example of Paper Portfolio- (does not need to be this brand- or can be 2 stapled pieces of poster board)

### Notes about the Portfolio:

You will use your portfolio to safely and collectively store your completed artwork in the art room for the school year as you will take your portfolio home in June

With permission, if you should need to work on your art projects outside of the art class room, you will need a portfolio to safely carry your art home and back

If you already have a portfolio or made one in another art class, you may use it 😊

At minimum, you will need 2 pieces of Poster board to stable together and make your own

If you will use it beyond this school year, you may want to consider investing in a heavier duty, zipper style (typically black)
