Please list any special medical or educational care (speech therapy, medical treatment, etc.) your child is currently receiving:

Treatment	Location	Duration

Toileting
Your child MUST be self-toileting—this means he/she must take care of all bowel and bladder functions in the bathroom. Pull-ups are not allowed. If your child has an accident, you may be called to come pick him/her up.

Sunscreen
I give permission for my child to use sunscreen products while attending Spartan Early Learning Center. I understand that my child should supply his/her own sunscreen products. However, in the event my child's sunscreen products are not available, I give Spartan Center permission to use their own supply of sunscreen products.

Bus Transportation
I give permission for my child to be transported by Loudoun County Public Schools school bus for field trips. I understand that my child must follow safety rules while being transported in vehicles. I understand that a warning is given to children that do not follow vehicle safety rules and that suspension from the vehicle will occur if my child does not follow instructions.

Photographs
Photographs of your child will be taken throughout the year for our use in preparing materials for preschool, including the preschool and BRHS yearbooks, slide show, etc. Children are never identified by name.

Minor Injuries
I understand that injuries sometimes happen in the course of everyday activities and that I will be notified of all minor injuries requiring any kind of treatment above the "Band-aid" level. I understand that a school nurse is on the BRHS staff if further evaluation is needed.

Emergency Medical Transportation
I give permission for my child to be transported by emergency vehicles if immediate emergency treatment is needed. A BRHS staff member will go to the hospital with the child, and the parent(s) will be called to meet the child and staff person at the hospital. The staff person will remain at the hospital until the parent arrives.
