

COUNSELOR'S CORNER

April 2024
Mrs. Cancelosi K,2,4
Mrs. Pinckney 1,3,5

MONTHLY FOCUS:

During the month of April, we will continue to focus on Career Awareness. Students will be exploring our new Career Platform SchoolLinks. They will be completing activities to help them discover how their interests and hobbies relate to future career choices. Parents also have access to this program to acknowledge what their children are working on.

HEALTHY KIDS TIP:

Try to incorporate learning into everyday activities and chores! When cooking dinner, let your child help you measure ingredients. When doing laundry, let your child sort the clothes. When at the store, let your child count the money and pay the cashier. Learning these life skills early on really goes a long way!
