

December 2023

This month we are learning...

Math—We will be learning about data. We will create survey questions, collect the data, turn it into graphs, and analyze the data

Social Science —We will learn about different cultures in Virginia and in our class. We will compare different traditions to see how they are the same and different from each other.

Reading & Writing-- In writing, we will complete our research on our animal and learn how to write persuasive letters.

Phonics - We will start learning about the bossy e. Help your child read and write words with a silent e at the end. (lake, bike, flute, here, slope)
Heart words we are learning this month: where, there, who, by, my, & one.
