

November 2023

This month we are learning...

Math—We will learn about shapes. We will look for shapes in our environment. We will sort and describe the shapes by the number of sides, vertices and right angles.

Science —We are learning about plants. We will learn the different parts of a plant and their function. We will also learn to sort and classify plants.

Reading & Writing-- In writing, we will learn to write how to books and begin a research paper on an animal. In reading, we will begin to focus on nonfiction books and learn about their different features.

Phonics—We will continue reviewing and learning digraphs→sh, ch, th, ck, ng, wh, & ph.
