 Thank you to all the wonderful Round Hill parent Volunteers.**

1. Tic-Tac-Toe - INSIDE THE GYM - (4 INDIVIDUAL TEAMS). R vs G & Y vs B in the first game. Team starts with 3 bean bags of their team color. When the parent volunteer says GO. First player on all teams run at the same time and place their bean bag on their board then run back. If they both put their bean bag in the same square they are both required to put their beanbags in two different squares. Neither team can have that same square. Once the player returns the 2nd runner runs up & places their bean bag on the board using strategy. Once the 2nd player returns the 3rd runner runs up & places their bean bag on the board using strategy. Once the 3rd player returns the 4th runner runs up & moves one of their teams' beanbags to a more advantageous spot. Continue until a winner is declared. Play a few rounds then have RvsY & GvsB. Play a few rounds then have RvsB & GvsY.

2. Battleship – INSIDE IN THE GYM – (2 INDIVIDUAL TEAMS) – RB vs YG. Teams secretly set up their 6 Battleships. A Battleship is 1 hula hoop with 1 bowling pin standing in the center. Teams will throw balls back and forth over the parachute net trying to sink the other teams' battleship. If you catch a ball in the air you get to run 1 lap around the other teams' area so you can see where their Battleships are located. If your Battleship falls down you have to yell out “You Sank Our Battleship” then remove your Battleship from the playing area, the students who help clean up the sunken Battleship get to run a lap around the other team to see where their Battleships are located. NO GUARDING. No one can stand in front, behind, or to the sides of the Battleships. We don't keep score. *Non-competitive just for fun.*

3. Popsicle/Checkers - OUTSIDE IN FRONT OF THE CAFETERIA – (NO GROUPINGS) One of our wonderful teachers, Mrs. Condon, will be at this stations giving out frozen freeze pops to the students. This station is intended to be a breaking point and a chance for the group to relax and possibly reorganize. While your group is waiting to move onto the next station, they can play a couple games of checkers. Clean up your mess, before you leave and please remember to thank our volunteers and to put our trash in the trashcan.

4. Bubble Popping - (2 TEAM) (RY vs GB) Group divides in half. Both teams line up behind their starting lines. First person fills up their water bottle and when the parent volunteer says go you run and shoot 3 bubbles, then run back down to the next person in line, who repeats the same task. Depending upon difficulty may have to change number of bubbles they shoot. This is a never-ending game. *Non-competitive just for fun.*

5. Volleyball 4 Square - (4 INDIVIDUAL TEAMS) (R #1, B #2, G #3, Y #4) Grades 3-5: This game works on teamwork and cooperation. Team in #4 square serves the ball over the net to any other square. Their team can catch or return the ball to any other square. If it hits the ground or goes out of bounds they go back to square #1 and any other group moves up. Team in #4 square always serves first. For Grades K-2 we will play this as a never ending multiple volleyball game. They begin in the same (R #1, B #2, G #3, Y #4) as the older students do. For 2 minutes have all the students do the overhand serve volleyball skill. Have the groups rotate clockwise then for the next 2 minutes have all the students do the underhand serve volleyball skill. 2 minutes later rotate clockwise then perform the set volleyball skill. 2 minutes later rotate clockwise then do the bump volleyball skill. 2 minutes later rotate clockwise then have them simply throw the ball over the net. 2 minutes later rotate clockwise and have them pick their favorite way to get the ball over the net.

Non-competitive just for fun.

6. Mega Water Recorders – Your group will be divided into 4 groups. The R group will go first. As a team they will cover all the holes on the Mega Recorder, fill it with water, then transport the recorder to the bucket at the end of the line. Your class will see if you can fill the bucket. B group will go next, followed by G group, and then the Y group. Start a 2nd time through if time allows. Maybe a 3rd *Non-competitive just for fun.*

7. Water & Chalk (NO GROUPINGS) Enjoy a cool cup of water. Please tell the parent volunteer thank you. While you are waiting at this station you can draw on the track with some chalk. Remember your “Please & Thank You's”

One team has to protect their 3 blue hula hoops with 3 blue frisbees and the other team has to protect their 3 red hula hoops with 3 red frisbees. Object of the game is to capture all 6 frisbees. When you enter the other teams area if they say they tagged you, they tagged you and if you argue, you're out. When you are tagged you have to freeze low in the spot they tagged you and wait for someone on your team to tag you to unfreeze you. Once you are unfrozen you can return to your teams' area or you can try to capture the other teams Frisbee. If you get tagged you freeze low again. The kids are allowed to “Puppy Guard” and as they capture the Frisbees the can only have 2 frisbees inside each hula hoop. Spread the wealth. The hula hoop is not a base it is only a place to make where to put the Frisbees. If you run out of bounds you are frozen. Winning team captures all 6 frisbees. We congratulate each team, return the Frisbees and start a new game. *Non-competitive just for fun, but be safe and smart.*

DO NOT fall on the Mountain until I call your color. When I call your color try to climb towards the middle of the parachute. Keep your hands in front of your body, crawl on your knees, and don’t use your shoes. When I call everybody out, come out get in ready position. Same thing again with a different color. Etc.

With the lunch count form Mrs. Betty can enter everyone's information at once and then when they come through the lunch line just check them off. She can get the whole school through the line in 40 minutes this way. She rocks.

Oh & ENCOURAGE YOUR STUDENTS TO PACK THEIR OWN LUNCHES.

10:55-11:20 Grades Kindergarten-2nd Eat Lunch and Relax in your Classroom
