5:30pm

April 10

Spring Picture Day

April 13-21

Spring Break – NO SCHOOL

April 30

Family Science Night

As the weather warms up, this is a great opportunity to get your child outside! Not only does it allow them to release some energy, but it also serves as a natural learning experience and opportunity for development. Simply going on a walk with your child and talking about what you see is a great way to build skills and spend time together.
