

November 9, 2023

Dear Third and Fourth Grade WordMasters Participants,
Congratulations on completing the first WordMasters Challenge! You will find your scored test attached to this letter, with the number of correct analogies recorded near the top. This is your individual score that has been reported to the WordMasters organization.

WordMasters encourages both individual and team efforts! The RLC team scores, based on the highest 10 scores earned at each grade level, are as follows:

Third Grade: 156 points (The top individual score earned was 17 out of 20.)

Fourth Grade: 161 points (The top individual score earned was 17 out of 20.)

It is recommended that you keep your scored test for reference, as some of the words from the first WordMasters Challenge meet will also appear in the second meet. The second WordMasters Challenge meet will be held sometime between January 29 and February 16, 2024.

You will receive your grade level's word list for the second WordMasters Challenge meet once it becomes available on December 4. There will also be a supply of word lists for each grade level on the wall outside Room 5, along with study tools. In addition, all word lists will be posted on the Gifted and Talented page of the RLC website.

Thank you,
Mrs. Paulson
