Diploma Options and Graduation Requirements

Parent Resource Services Presentation
Tuesday, February 26, 2019
Dr. Tracy L. Jackson, Supervisor, School Counseling Services
Leigh Bennett, Supervisor, Assessment Services
Bridget Gorey, Supervisor, Special Education
Virginia Board of Education Diploma Types

- Advanced Studies Diploma
- Standard Diploma
- Applied Studies Diploma
Advanced Studies Diploma for students entering the ninth grade for the first time in 2011-2012 through 2017-2018

- 26 Standard Unit of Credits
- Nine Verified Units of Credits
- Three years of one foreign language or two years of two foreign languages
- One credit in Fine or Performing Arts and one in Career or Technical Education Electives
- Economics and Personal Finance
### Advanced Studies Diploma Course Requirements (8VAC20-131-50) for Students Entering the Ninth Grade for the First Time in 2011-2012 through 2017-2018

Additional Requirements for Graduation for students entering the ninth grade for the first time in 2011-2012 through 2017-2018

- **Virtual Learning** - Students shall successfully complete one virtual course, which may be a noncredit-bearing course, or may be a course required to earn this diploma that is offered online.

- **Training in emergency first aid, cardiopulmonary resuscitation (CPR), and the use of automated external defibrillators (AED)** - Beginning with first-time ninth-grade students in the 2016-2017 school year, students shall be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Students with an IEP or 504 Plan that documents that they cannot successfully complete this training shall be granted a waiver from this graduation requirement, as provided in 8VAC20-131-420 B.

Additional Requirements for Graduation for students entering the ninth grade for the first time in 2018-2019 and beyond

- Advanced Placement, Honors, or International Baccalaureate Course or Career and Technical Education Credential - In accordance with the Standards of Quality, students shall either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential approved by the board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to satisfy the advanced studies diploma requirements. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, or the Virginia workplace readiness assessment.

- Virtual Course - Students shall successfully complete one virtual course, which may be a non-credit-bearing course or a required or elective credit-bearing course that is offered online.
Additional Requirements for Graduation for students entering the ninth grade for the first time in 2018-2019 and beyond

- Training in emergency first aid, cardiopulmonary resuscitation (CPR), and the use of automated external defibrillators (AED) - Students shall be trained in emergency first aid, CPR, and the use of AED, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Students with an IEP or 504 Plan that documents that they cannot successfully complete this training shall be granted a waiver from this graduation requirement, as provided in 8VAC20-131-420 B.

- Demonstration of the five Cs - Students shall acquire and demonstrate foundational skills in critical thinking, creative thinking, collaboration, communication, and citizenship in accordance with the Profile of a Virginia Graduate approved by the board.

</table>
For students entering the ninth-grade class for the first time in 2013-2014 and beyond: Students shall successfully complete one virtual course, which may be a noncredit-bearing course or a required or elective credit-bearing course that is offered online.

For students entering the ninth-grade class for the first time in 2016-2017 and beyond: Students shall be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Students with an Individualized Education Program (IEP) or 504 Plan that documents that they cannot successfully complete this training shall be granted a waiver from this graduation requirement, as provided in §VAC20-131-420 B.
The Applied Studies Diploma is a diploma option available to students identified as having a disability who complete the requirements of their individualized education programs (IEPs) and meet certain requirements prescribed by the Board of Education pursuant to regulations, but do not meet the requirements for any named diploma.

While considered a Virginia diploma, this may impact financial aid if remedial courses are needed.
Verified Credits Are Required For A Standard or Advanced Studies Diploma

- Students may earn verified credits needed for their diploma by:
  - Passing an EOC SOL test with a score of 400 or higher
  - Achieving a VDOE determined cut score or higher on an approved substitute test
  - Meeting eligibility criteria for a locally awarded verified credit
    - Passing/has passed the course
    - Took the SOL test twice, with one score between 375-399
    - Submission of documentation of content mastery to a review panel
ASSESSMENT CHANGES AND OPTIONS

- Implementation of Every Student Succeeds Act (ESSA)
- Changes to Virginia’s Standards of Accreditation
- Changes to Assessment Administration beginning 2018-2019
Assessment Changes For All Students

Effective immediately, high school students only need to take an SOL test if they require the resulting verified credit for their diploma or if the test is federally mandated.

Federally Mandated:
- EOC Reading
- EOC Math
- EOC Science

State Required:
- EOC Reading, Math & Science
- EOC Writing
- EOC History

Previously, high school students were required to take an SOL test if one was associated with their course, regardless of whether they needed the resulting verified credit.

This change, coupled with the decrease in verified credits for incoming freshmen, results in less testing for all students.
ESSA requires that states identify one specific high school test that will be used to calculate federal pass rates and student participation. This data is reflected in the School Quality Profile on VDOE’s website.

**Virginia Selected:**
- EOC Reading
- EOC Math (Algebra I or Algebra II or Geometry) or AP, IB, SAT, ACT*
- EOC Science (Biology)

There is an expectation that all high school students will take the Biology SOL test even if they have already earned the verified credit they require from passing the Earth Science SOL test.

There is an expectation that all 9th grade students will take an EOC Math SOL test even if they have already earned the verified credit they require from passing Algebra I while in middle school.
Federal Accountability Cont’d.

- If a middle school student successfully completes a high school level math course (in middle school) and passes the SOL test, they have earned the 1 verified credit they require in mathematics for a standard or advanced studies diploma.

- Per the Standards Of Accreditation, the student would not have to take any more math SOL tests because they earned the necessary verified credit.

- However, per ESSA, the student must still be assessed in mathematics once they enter high school.

- The student would be expected to take the EOC Math SOL test that corresponds to their math course in grade 9.

- If a student completed Algebra I, Geometry, and Algebra II in middle school, they would be expected to use their SAT or AP test to meet federal accountability requirements.
The Standards of Accreditation allow school divisions to choose between offering the EOC Writing SOL test or offering a Performance Based Assessment (PBA).

Divisions must make a choice and may not offer both.

Student work samples are collected during grades 9-11 and scored by the division, using Virginia Department of Education training materials and scoring rubrics.

Students who achieve proficiency are awarded a verified credit for their standard or advanced studies diploma, just as if they passed the EOC Writing SOL test.

Substitute tests (WorkKeys) remain an option for students even if the PBA is selected.
Assessment Options - Instruction Determines Assessment

- SOL Tests with or without accommodations - Standard or Advanced Studies Diploma
- VAAP - Applied studies diploma or certificate of completion

- SAT
- ACT
- AP
- IB
- PSAT
- WorkKeys
  - Students must be offered the EOC Reading SOL test prior to taking the WorkKeys test. Parent must permit or refuse testing for the EOC Reading SOL test.
Accommodations

- Available for state required tests
- Should be implemented instructionally prior to use in assessment
- VDOE/Vendor does set rules for eligibility that must be followed, but there may be a pathway for unique accommodations
- Intended to allow for meaningful engagement with an assessment, not enhance performance
- The College Board must review and approve test accommodations - SSD Coordinator at your high school, also varies for CTE tests/certifications
- Should be discussed at least annually during the IEP/504/EL Team meeting and documented
- Contact your School Test Coordinator and/or your child’s Case Manager for more information
Credit Accommodations

Credit accommodations provide alternatives for students with disabilities in earning the standard diploma and verified credits required to graduate with a Standard Diploma.

Credit accommodations for students with disabilities may include:

- Alternative courses to meet the standard credit requirements
- Modifications to the requirements for locally awarded verified credits
- Additional tests approved by the Board of Education for earning verified credits
- Adjusted cut scores on tests for earning verified credits
- Allowance of work-based learning experiences through career and technical education (CTE) courses

<td>Personal Living and Finances (3120) substitutes for Economics and Personal Finance (6120) (must have earned three standard credits in History/Social Sciences)</td>
</tr>
<tr>
<td>Courses Taught in Two Parts</td>
<td>One elective credit and one standard credit</td>
<td>Two standard credits for one sequence in a content area. **</td>
</tr>
</tbody>
</table>

Credit Accommodations at a Glance

*Credit accommodations may only be applied toward a Standard Diploma.

** Examples using mathematics: Algebra I Part 1 = 1 standard credit, Algebra I Part 2 = 1 standard credit; Geometry I Part 1 = 1 elective credit, Geometry I Part 2 = 1 standard credit; OR Algebra I = 1 standard credit; Geometry I Part 1= 1 standard credit, Geometry I Part 2= 1 standard
Special Permission Credit Accommodation for Locally Awarded Verified Credit

The Special Permission Credit Accommodation for Locally Awarded Verified Credit was added to provide those students with disabilities who previously might have used the Virginia Substitute Evaluation Program (VSEP) with a pathway to earn the necessary locally awarded verified credits to obtain a standard diploma.
Process to Consider a Credit Accommodations for Students with IEPs

A student is struggling with course content and requires significant support. The student’s IEP/504 Plan has a standards-based goal for this content area.

IEP/504 Team meets and determines student is eligible for a credit accommodation in the content area. The team completes the eligibility form and a copy is placed in the student’s Scholastic Record.

As a result of eligibility, the student can now earn a verified credit if they test twice, fail both SOL tests and score between 375-399 OR the student can earn a retake if they test once and fail with a score between 350-374 OR they can pursue an alternate test OR they can take the next course in 2 parts.
VDOE CREDIT ACCOMMODATION INFORMATION

http://www.doe.virginia.gov/instruction/graduation/credit_accommodations.shtml
Planning Together

- Make an appointment with your child’s counselor and case manager
- Utilize Transition Teachers at each high school
- Ask for Academic and Career Plan, if you have not seen it
- Ask about plans for each year
- Ask about course selection options each year
- Ask about credit accommodations
Profile of a Virginia Graduate
In Virginia, the Life Ready Individual:

**CONTENT KNOWLEDGE**
- Attains and is able to use the knowledge and skills described in the Standards of Learning for core instruction areas (English, math, science, and history/social science), the arts, personal wellness, languages, and Career and Technical education programs.
- Attains and demonstrates the knowledge and skills necessary to transition to and achieve in a global society and be prepared for life beyond high school graduation.
- Explores multiple subject areas that reflect personal interests and abilities.

**WORKPLACE SKILLS**
- Attains and demonstrates productive work ethic, Professionalism, and personal responsibility.
- Communicates effectively in a variety of ways, and to a variety of audiences, to interact with individuals and within groups.
- Demonstrates workplace skills including collaboration, communication, creativity, critical thinking, problem solving, and responsible citizenship.

**COMMUNITY ENGAGEMENT & CIVIC RESPONSIBILITY**
- Makes connections and is involved in the community through civic opportunities.
- Demonstrates integrity, maintains personal health and wellness, and shows respect for others.
- Shows respect for diversity of individuals, groups, and cultures in words and actions.
- Understands and demonstrates citizenship by participating in community and government decision-making.

**CAREER EXPLORATION**
- Understands knowledge, skills and abilities sought by employers for career opportunities.
- Aligns knowledge, skills, and abilities with personal interests to identify career opportunities.
- Sets goals for career, school and life and has knowledge of a variety of pathways, course work, and/or requirements to achieve goals.
- Develops skills to align to current workplace needs, and that adapt to evolving job opportunities.
- Applies skills and knowledge by participating in workplace experiences.

Critical Thinking, Creative Thinking, Collaboration, Communication, and Citizenship
Profile of a Virginia Graduate
In Virginia, the Life Ready Individual Will, During His or Her K-12 Educational Experience:

- Content Knowledge: Achieve and apply appropriate academic and technical knowledge.
- Workplace Skills: Attain and demonstrate productive workplace skills, qualities, and behaviors.
- Community Engagement & Civic Responsibility: Align knowledge, skills, and personal interests with career opportunities.
- Career Exploration: Build connections and value for interactions with diverse communities.
