

## Gender Differences in Attention Deficit Hyperactivity Disorder (ADHD)

Presented by: Dr. Patricia Quinn  
Wednesday, September 18, 2019  
6:00 pm—8:00 pm  
Stone Hill Middle School  
23415 Evergreen Ridge Drive  
Ashburn, VA 20148

**Parent Resource Services**  
Loudoun County Public Schools

Join us for this important workshop to learn about gender differences in children and young adults with Attention Deficit Hyperactivity Disorder (ADHD). ADHD is commonly diagnosed in childhood, although it is diagnosed much more frequently in boys than in girls.

Patricia Quinn, M.D., will discuss the gender differences in ADHD and the important implications in diagnosis and treatment. Dr. Quinn is an internationally recognized authority on ADHD and the author of more than 20 books on the topic of ADHD in children, teens, and adults.

Register by calling **Parent Resource Services** at 571-252-6540,  
or go to [Parent Resource Services](#),  
or [CLICK](#) to register online.

If, due to a disability, you need assistance to enable you to participate in a workshop or need an interpreter, call **Parent Resource Services** at 571-252-6540 at least five business days prior to the event.
