Old Business

IEE Concerns

- Current cost containment guidelines are lower than market rates for evaluations. LCPS cost containment guidelines are lower than Fairfax and Prince William County's current cost containment guidelines. LCPS list of approved providers is lacking. Need a sufficient and comprehensive plan to meet all obligations and needs to provide IEEs at no cost to the parents.
- John Lody shared all requests have been handled in a timely manner since moving to his office to ensure it is in compliance. In process of gathering a list of additional providers.

New Business

Policy 8080, Home Instruction/Home Schooling

- **Concern 1: Draft Policy 8080**, Home Instruction (Home Schooling) does not address LCPS's regulatory obligations under the Individuals with Disabilities Education Improvement Act (IDEA) and in the Virginia Regulations Governing Special Education Programs for Children with Disabilities in Virginia.
- **Recommendation 1: Add New Section B. B. LCPS Obligations.** Upon LCPS receiving of the Notice of Intent for home instruction, LCPS shall inform the parent/guardian of the following rights under the Virginia Individuals with Disabilities Education Improvement Act (IDEA) Regulations, 2. Consultation on Child 3. Services Plan 4. Proportionate Set Aside funds 5. Consultation on the design and development of special education and related services for home instructed students Home schooled students are considered to be "private school" students as defined in 8 VAC 20-81-150(C)(1)(a).

Concerns:

- Nothing in the draft policy considers LCPS' IDEA obligations

Membership Vote:

- Membership approved recommendation unanimously with 10 of 16 members present.
