

## TOWN HALL PUBLIC COMMENT FORM

**April 18, 2013**

The SEAC invites you to provide constructive feedback on issues related to Special Education. In particular, we are interested in identifying **the needs of our students receiving special education in Loudoun County Public Schools**. Attendees who make a public comment must also provide SEAC with a written summary of your concern. If you do not wish to speak publicly, you may also use this form to submit your concern. SEAC values and appreciates your input. The information gathered tonight will be utilized to help us to identify areas of need for our students.

Turn in your completed form to a SEAC MEMBER identified with a name badge or at the REGISTRATION DESK.

Please note the following:

- Public comment should address systemic issues.
- Please do not identify your child, your school or your teacher. Keep your comments focused on broad issues (i.e. bus rides are too long; the number of teaching assistants is too low to support students with disabilities; need for more training on inclusive practices, discipline, eligibility, etc.)
- Public comment is limited to 3 minutes.
- If you have a concern that is more personal/child specific, please meet with the LCPS Parent Resource Center staff who are present this evening and available at the PRC table in the auditorium foyer.

Summarize your comment in this space and use the back of this form if you need additional space.
