

## PARENT SURVEY: FEEDBACK NEEDED

Teachers of students in specialized programs piloted the use of an **Adapted Communication and Agenda Book** this year. This pilot project was developed in response to an identified need for improved school and home communication, especially for parents of children with communication and cognitive delays. If your family has utilized the Adapted Communication and Agenda Book this year, we would appreciate your feedback.

Please use the link below to complete an **anonymous** survey. Your input is important to us as we continue to work with parents, teachers and related service providers to refine the agenda for the 2019-2020 school year.

**Please complete the survey by May 23rd.**
