

**LOUDOUN COUNTY PUBLIC SCHOOLS
ANNUAL FAMILY SURVEY
2020 - 2021**

Division Report

Date of Administration: May/June 2021
Number of Responses: 30,135

The 2020-2021 Loudoun County Public Schools Annual Family Survey was conducted in May/June 2021. Parents were asked to respond to one survey for each school in which they have a child enrolled via a personalized link they received via email.

A total of 30,135 responses were received, representing 20% of the invitations sent. The survey addressed five categories of the school learning climate from the perspective of parents:

- Academic Support** – including academic expectations and individualized instruction
- Communications** – school and teacher communication to parents
- Relationships** – welcoming environment, social –emotional support, respect for students
- Safety** – school physical environment, personal safety
- Bullying** – child feels safe from bullying

Survey participants were asked to indicate their level of agreement with 32 statements that reflected an aspect of positive school climate within each area.

The attached report presents the percent of parents who agreed with each statement and the overall average for the topic area. Results by school type (elementary, middle, or high schools/educational centers) are included.

The school division will analyze this data, as well as the findings from surveys of staff and students, to identify strengths and areas for improvement.
