

Schools, especially elementary schools, need after school dismissal plans for all students so that each child may be routed to the appropriate area at the end of the day. A detailed plan for each student increases dismissal efficiency. An *electronic form* is available in ParentVUE for parents to supply this information to schools. **Fill out this form ONLY if your child's school requests this information.** Not all schools may be collecting dismissal information through ParentVUE.

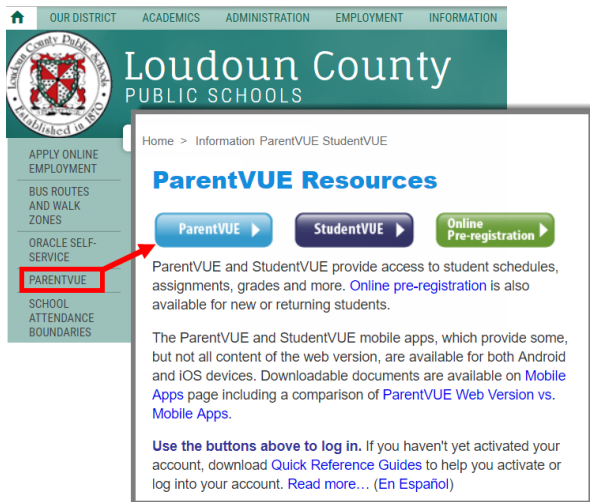

➔ **You must have an active ParentVUE account to complete this process. If you are unable to log in or need to create a ParentVUE account, contact your child's school.**
