Mobile App vs. Web Features Comparison

The ParentVUE and StudentVUE mobile apps provide access to most the features and data available in the web version of the [parent and student portal](#). Review this document for the gaps in the mobile apps (Android and iOS) and use the web version for features and data unavailable in the mobile app. More information on ParentVUE and StudentVUE may be found on the [District ParentVUE and StudentVUE pages](#).

Feature/Data	Web Version	Mobile App	Notes
Messages	✓	✓	
Calendar	✓	◆	Web version has daily, weekly and monthly calendar views. Mobile app has only daily and monthly views.
Attendance	✓	◆	All Day attendance notes display in the mobile app, but the All Day Attendance reason displays only in the web version. Teacher Period attendance displays in both.
Class Schedule	✓	✓	
Class Websites	✓	✓	
Conference	✓	◆	Conference feature available only for parents of elementary school children. Conference dates/times may be selected only in the web version of ParentVUE.
Course History	✓	✓	
Course Requests	✓	✓	
Grade Book	✓	✓	Mobile app has separate menu items for Daily Assignments and Class Notes. Web version lists all information on a single screen with hyperlinks for details.
Health	✓	✓	Student immunization records and health conditions.
Report Card	✓	✓	The Report Card menu item is hidden while teachers post grades at the end of each marking period and is displayed the day report cards are distributed.
Special Education	✓	✓	Finalized IEPs and completed Quarterly Progress Reports may be viewed/downloaded.
Student Info	✓	✓	
Test History	✓	✓	
Documents	✓	✓	Year-end Report card, EL Assessment Report, and detailed SOL Report may be viewed/downloaded.
Acknowledgements	✓	✓
