## **MENTAL HEALTH COMMUNITY RESOURCES FOR FAMILIES**

LCPS offers comprehensive mental health services and supports provided by our Unified Mental Health Teams (counselors, psychologists, social workers, and student assistance specialists) who can assist and direct you to the right level of services and connect you to needed resources.

Embedded in each school, these teams work together with families and school staff to provide resources and support to address the social, emotional and behavioral needs of students.

To find out more about mental health resources, please contact your school based mental health team.

Please look for the image below on your school's website or use the QR code to find a list of the Unified Mental Health Teams by school.
