

Introducing Stopfinder!

The parent app for school
bus route & stop information

Know in real-time where your child's bus is and have the most accurate information about your child's bus schedule in the palm of your hand.

About Stopfinder

Your child's safety is paramount. Knowledge and information is power. That's what is at the heart of Stopfinder. Parents or Guardians don't want their student waiting at the bus stop any longer than they need to be – in good or bad weather. You don't want them missing the bus either. Stopfinder is a fully integrated and secure solution that truly solves these problems.

Why Sign Up for Stopfinder?

Having the most current data imbedded in the parent app is critical. We also all know that schedules and plans change for any number of reasons. But receiving those timely updates is crucial for you to not miss a beat.
