

Express Scripts is the company chosen by LCPS to continue to take care of your prescription plan in 2024. We are here to help you save money and provide the best service on prescriptions for you and your family.

Your Express Scripts plan includes:

- 24-hour, 365-day-a-year Patient Care Contact Center
- A national network of over 56,000 pharmacies
- Home delivery for your medications from Express Scripts® Pharmacy

Your pharmacy benefit will be based on the medical plan that you select. A summary of coverage for each plan can be found below.

| OAP and POS Plan Pharmacy Benefits | | |
|------------------------------------|-----------------------|-------------------------------|
| Pharmacy type: | Retail Pharmacy | Express Scripts Home Delivery |
| Day supply: | Up to a 30-day supply | For a 90-day supply |
| Generics: | \$10 | \$20 |
| Preferred Brand: | \$30 | \$60 |
| Non-Preferred Brand: | \$50 | \$100 |

| HDHP with HSA Plan Pharmacy Benefits | | |
|--------------------------------------|---------------------------|-------------------------------|
| Pharmacy type: | Retail Pharmacy | Express Scripts Home Delivery |
| Day supply: | Up to a 30-day supply | For a 90-day supply |
| Generics: | 10% with \$10 max | 10% with \$20 max |

For the HDHP with HSA plan, the coinsurance amounts above apply once you meet the deductible. You will pay the entire cost of the medication until you have met your deductible. After that, you will pay the applicable coinsurance until you reach your maximum out-of-pocket. Note: medications on the Preventive Medications List have a different cost and are not subject to a deductible.¹

HDHP Deductible - Individual deductible \$1,600 & Family deductible \$3,200

HDHP Maximum Out-of-Pocket Expense for Members²- \$6,000 per individual or \$12,000 per family

¹Select preventive prescription medications will be covered at a different cost and will not be applicable to the deductible. For more details, please refer to the [Express Scripts Preventive Medications List](#).

² Certain specialty medications are considered non-essential health benefits and fall outside the out-of-pocket limits. The cost of these medications (though reimbursed by the manufacturer at no cost to you) will not be applied towards satisfying your out-of-pocket maximums.

How to Compare the Plans

Visit our Open Enrollment Web site at express-scripts.com/lcps and select the plan that you are interested in. Use the “Price a Medication” link to price medications and check coverage under each of the plans.

How to Use Home Delivery

Do you know you can avoid paying more money if you use home delivery? For your long-term medications (those you take for at least 3 months), you’ll typically pay less with home delivery from Express Scripts® Pharmacy. You’ll get up to a 90-day supply with free standard shipping.¹

It’s easy to start! Just call us at the number on your member ID card, and we’ll ask your doctor for a new prescription. Or ask your doctor to send your prescription electronically to Express Scripts Home Delivery or fax a 90-day prescription to us. Your doctor can call 888.327.9791 for information on e-prescribing or faxing your prescription. You can also get started at express-scripts.com.

What are the Benefits of Home Delivery?

- Safety:** Pharmacists check every prescription for accuracy and potential drug interactions
- Service:** Talk confidentially to a pharmacist 24 hours a day
- Convenience:** Order refills easily by mail, phone or online with free standard shipping

Save with Generics

FDA-approved generics are just as safe and effective as brand-name medications. The difference? Generics can cost up to 85% less.² Today, 9 in 10 prescriptions filled in the U.S. are for generic medications.³ If you’re taking a brand-name medication, ask your doctor if a less expensive generic is available.
