Dear Bulldog Families,

I hope that you have had a relaxing vacation and are prepared for a fantastic school year. It has been a very busy summer as I transition from assistant principal to principal. With that said, I can’t begin to tell you how exciting it is to begin my new role.

Each year, we welcome new members to our team. I am pleased to announce that this year’s group of new staff is one of the most impressive that we have hired. I especially want to officially welcome and thank Kevin Tyson and Stacey Huffer, our new assistant principals. Community outreach and service have always been core values at Stone Bridge. One of Mr. Person’s visions was to formally recognize and thank Stone Bridge alums for their service in both the military and with Loudoun County Public Schools. Over the summer, we commissioned a mural to pay tribute to our “Homegrown Heroes.” Incorporated into this mural will be perpetual plaques containing the names of SBHS alums who have served in our military or have come back to teach for Loudoun County Public Schools. Your help is needed in identifying those who meet this description. A link is posted on our webpage for individuals to bring names forward.

This year, we will make some modifications to our lines of communication. My hope is to increase the frequency of communication while decreasing the volume of the individual messages. The formal newsletter will become bi-monthly; however, we intend to send out Connect Ed email messages on a weekly/bi-weekly basis. These emails will include key pieces of information and upcoming events/dates.

Lastly, I would like to thank the community, staff and students for welcoming me into my new position. I am incredibly proud and humble to be the principal at Stone Bridge and truly would not want to be at any other school. I believe that what makes Stone Bridge such a special place is the outstanding individuals (staff, students and parents) who contribute to the culture and community of SBHS. Together, we are going to have an excellent year.

Opening Week:  September 2-5
During the week of September 2, students will report to their homerooms for an extended period of time. During that week, we will review policies and procedures with students and hold class meetings during the extended homeroom periods. Students will receive several forms, many of which must be signed and returned. Please contact the Main Office to settle any deficiencies.

Students will receive information pertaining to the following:

- **Student schedules**
- **Student Planners** that include the Student Handbook listing key guidelines, policies, procedures, and expectations and ways to help students stay organized.
- **STUDENT RIGHTS and RESPONSIBILITIES** information is online at [www.lcps.org](http://www.lcps.org) under Quick Links (copies will not be sent home).
- **Students will bring home a yellow colored signature form** that acknowledges your awareness of the Rights and Responsibilities, the Telecommunications Acceptable Use Agreement, and Permission for Media Release. This information is very important. You are asked to review the information with your student. The forms must be signed and returned before your student may receive a locker and/or parking permits for eligible juniors and seniors.
- **Student Profile Sheet - Pink (formerly called the Emergency Information Card)** which must be updated, signed, and returned promptly.

- **Student Accident Insurance** medical insurance to cover students injured while at school – strongly suggested.
- **Student Personal Property Insurance** coverage for personal property items
- **School Lunch Program**, including free and reduced price lunch application and information about the pre-pay program
- **Student Alerts for Weapons and Drugs**
- **CLARITY Parent Portal Login Request Form** (to access your students’ grades)

School Hours  9:00 a.m. – 3:48 p.m.

**Minute of Silence**
Virginia Law requires schools to start the day with a ‘minute of silence’. The law allows for different uses of the minute so that “each pupil may, in the exercise of his or her individual choice, meditate, pray, or engage in any other silent activity which does not interfere with, distract, or impede other pupils in the exercise of their individual choice.” The law also specifies that “all pupils remain seated and silent and make no distracting display…” We will begin our announcements with the following statement, “As we begin another day, let us pause for a minute of silence.”

Following the minute of silence, we will conclude with the Pledge of Allegiance. Please discuss this law with your students and help them understand that the expectation is for students to remain quiet.

**Locker Distribution**
On the first day of school, students will receive several forms, which must be signed and returned. Students will be assigned their locker during the first week of school only after they have returned the signed forms and have settled their deficiencies. These required forms from your **Student Rights and Responsibilities 2014-2015 booklet** (which covers Rights and Responsibilities, Telecommunications and Media Releases), the **Student Profile Sheet** and the CLARITY Parent Portal Login Request form (to access your student’s grades).
Back to School Night – Sept. 22

Back-to-School Night for all grades now will
be on Monday, September 22nd. You will report to
first period to view a brief video presentations followed
by teacher remarks. Then you will attend your student’s
other classes. It will save you time if you can get a
copy of your student’s schedule before you arrive.
We will have copies of schedules available, but you
should plan to arrive early so you will not have to stand
in line.

The purpose of the class visits is to make a
connection with the teacher and to hear about course
plans. This will be a night to follow your student’s
schedule, not a time to ask specific questions about your
student. If you would like to speak to the teacher
regarding your student, please call the Guidance office
to set up an appointment or through the teacher’s
website.

You will report directly to 1st period which will
begin promptly at 6:45 pm.

Graphing Calculators
Now is the best time of the year to purchase a
graphing calculator for your student. Most stores offer
their lowest prices in conjunction with back-to-school
sales, and several websites have second-hand
calculators available for purchase. Currently, the Stone
Bridge Mathematics Department uses the TI 84 Plus
calculator for instruction. When we replenish, however,
we purchase the TI 84 which will become the dominant
calculator. The calculators are keyboard compatible
and either one will work with our curriculum. Students
enrolled in AP Calculus or AP Statistics will be exposed
to the TI 89 calculator. It is not necessary for students
to purchase this advanced calculator, but some students
may prefer to have one of their own. Please be sure to
have your student’s name permanently marked on any
calculator brought to school.

Summer packets have been distributed for
Algebra II, Algebra II with Trigonometry, Advanced
Algebra, Pre-Calculus, AP Calculus AB, AP Calculus
BC, and AP Statistics. Consult the math page of the
school website for information on how to obtain packet
copies.

If you have any questions concerning
calculators, summer packets, or other topics related to
the Mathematics Department, please contact Rita
Driskill at rita.driskill@lcps.org.

Parking Permits
Parking passes will be distributed to eligible
juniors and seniors who submitted applications after all
student forms have been completed and returned to the
student’s homeroom teacher and after any deficiencies
have been cleared. The fee for a parking permit for
2014-2015 is $200.00 for the school year or $100.00 for
each semester. Please note that parking fees are not
prorated.

Applications for a parking permit may be
picked up in the main office or found online. Students
are reminded that spaces are assigned and parking in
any non-designated area is not permitted. Please note
that parking is a privilege and students must remain in
good standing to remain eligible to drive.

Parking Lot Information-Please Follow
Student Drop Off/Pick Up – Traffic in our
parking lot presents many challenges and issues. For
everyone’s safety, we ask that you drop students off and
pick them up only in the front parking lot. Please do
not drop students off in back of the school as this
presents safety hazards and is not designed for that
purpose!

Parking is not permitted in the bus loop during
the following hours: 8:30 a.m. – 9:15 a.m. and 3:15
p.m. – 4:15 p.m. LCPS buses are scheduled to drop off
and pick up students during these times and it is difficult for buses to maneuver safely to their lanes when vehicles are parked in this area. Thank you for your cooperation.

School Pictures
School pictures will be taken on Wednesday, September 10 and Thursday, September 11 during select classes. Picture envelopes will be mailed home this month. If your child does not receive a picture envelope, one will be available in the main office. Please remind your student to bring the envelope with payment beginning Wednesday, Sept. 10.

All students need to have their picture taken whether or not they are purchasing any of the packages because these pictures will be used for the yearbook as well as for the student ID’s.

This year we will work with Victor O’Neil Studios.

Music Boosters Association
The Stone Bridge High School Music Boosters Association welcomes you to a great school year! The Music Boosters Association (MBA) supports all areas of the music program (band, chorus, guitar, and orchestra) at Stone Bridge. We provide hundreds of volunteer hours and raise funds to assist in making these programs top rated. By joining the MBA, you can become part of this team that keeps music alive in our school. You can join the organization even if your child is not involved in any of the music programs. Annual family memberships cost $10, and membership forms can be found in this newsletter, on the MBA website, and in all of the program rooms. We encourage you to check the MBA website, (link can be found on the left side of the SBHS website), for important information about the music programs and exciting, upcoming events.

PTSO
Parents, Students and Teachers Partnering for Success - The PTSO attempts to support all groups in the school. We help out when additional funds are needed to support academic pursuits. We have a strong volunteer corps which supports the staff and students. Please join us as we provide funding, volunteers and support to as many organizations throughout the school as we can reach. A membership form is included in the student’s first day packet.

The Stone Bridge Times 5
Attendance Policies for the 2014-2015 School Year

All absences and tardies must be called in to the attendance hotline 571-252-2202. This is a 24 hour line that takes messages only. Please call each and every time your student(s) will be out of school or tardy.

Excused Absences: Excused absences include personal illness, death in family, medical or dental appointments, court obligations, and religious holidays.

Prearranged absences must be approved by the administration (ex: college visits or family vacations – forms can be picked up from the attendance office). Other absences and early dismissals must be approved by attendance or administration.

- Parents are expected to call if a student is going to be absent or tardy to school. The number for the hotline is 571-252-2202. Mailbox #1 is for 9th grade, box #2 is for 10th grade, box #3 is for 11th grade and box #4 is for 12th grade.
- The attendance office will call parents to verify absences, tardies, and early dismissals.
- When students accumulate five unexcused absences during the school year, a parent conference will be held.
- When students are absent from school six unexcused days, the students will be required to submit a doctor’s note for additional absences for the remainder of the school year.
- When students are absent from school seven or more unexcused days, the parent and student will be referred to the Truancy Officer.

Truancy (unexcused absence) and Leaving School without Permission

- First Offense: Saturday School or other administrative consequences
- Second Offense: ISR*
- Third Offense: ISR*
- Fourth Offense: Administrative options

*Any student and/or students on early release who are assigned to ISR (In-School Restriction) are expected to remain for the entire school day. If a student works, the student is expected to inform the employer that he/she will be late. No student should schedule doctor appointments for their ISR dates. Students scheduled in ISR are not allowed to participate in any extracurricular activities until the day after they are released from ISR.

Tardy Policy to School: Students are expected to be on time to school and to class. Students with excused tardies to school due to a doctor, dental, or judicial appointment must report to the attendance office to sign in before going to class with a note from the doctor, dentist, or court letter. Notes from parents are not acceptable if you’ve been to the doctor, dentist, or court.

Unexcused tardies include: Oversleeping, car problems (won’t start, flat tire, can’t find keys, waiting for rides, parents running late, etc.), babysitting (siblings, neighbors children, or relatives), missing the bus, inspections, completing college applications, working on homework, projects, etc.

Athletes or students participating in activities or other extracurricular activities who arrive after 9:15 a.m. must have a doctor, dental, or court appointment notice to participate in sports after school (practices or games).

- Tardy 1 – Verbal Warning
- Tardy 2 – Verbal Warning
- Tardy 3 – Morning or Afternoon Detention
- Tardy 4 – Saturday School
- Tardy 5 – Administrative Options

Early Dismissals: Early dismissals will be granted in the event that a student must leave school to go on a verified doctor, dental, or other medical, counseling or court appointment. A note from home is required stating why the student must leave school, what time the student needs to leave, and a telephone number for the parent approving the dismissal. The student’s name, grade, and student ID should also be clearly stated on the note.

Calls will be made to verify all notes. If your child has an on-going medical condition which will require frequent dismissals from school, please call your student’s guidance counselor and/or contact Mrs. King in the attendance office. Frequent dismissals without a medical explanation will be under constant review by the attendance office and counselors. Students must be signed out prior to leaving.

The Stone Bridge Times 8
Clinic Information

- The clinic’s direct line is (571) 252-2215

- If your student has any significant medical needs, please notify the nurse even if the school has been notified in previous school years. If your child has diabetes, seizures, life-threatening allergies, asthma or uses an inhaler, you should pick up forms for you and your physician to complete so the school can understand and address your student’s needs. If the student was in Loudoun County Public Schools last year, these forms were sent to you at the end of school in June.

- A parent or guardian must deliver any medication (prescription or non-prescription) to the school office or clinic. Students should not transport any medication to or from school. Parents are responsible for picking up unused medication. If a student mistakenly brings medication, he should turn it in to the clinic immediately.

- The nurse must have written instructions from the physician in order to administer prescription medication.

These instructions should include:

- Student’s name.
- Name and purpose of the medication.
- Dosage and time of administration.
- Possible side effects and measures to take if they should occur.
- End date for administering the medication.
- Parent signature—giving permission to administer medicine and to contact student’s Physician.
- Physician’s signature.

- A copy of the special “Medication Form” that should be used is available on page. It is suggested that you keep it for use should the need arise for your student to receive prescription medicine. Additional forms may be obtained from the main office or clinic.

- All prescription medicine must be in the original pharmacy bottle with the proper label containing the name of the student, dosage, and instructions for administration. If you ask, the pharmacy will give you an extra bottle with the proper amount of medication for school.

- If the nurse needs to give non-prescription medication:
  It must be in an original package with the name of the medicine and instructions.

- The nurse must have a note from the parent regarding when and how much medicine to administer.

- The nurse will only give the amount listed on the package for your student’s age and weight and for the recommended length of time the student should receive the medicine unless she has doctor’s orders on a medication form that indicates otherwise.

- The nurse cannot administer medicine that is not in its original container.

- Students who have fevers should be kept at home until free of fever for 24 hours.

- All 10th graders and students new to Loudoun County Public Schools will be screened for vision and hearing during the first two months of school. Parents will be notified of any concerns.

- Be sure to keep the “Emergency Information” up-to-date so that we can reach you if your student is ill or injured.

  Acetaminophen (Tylenol) is the only medication supplied by the school. The nurse must have written parental permission in order to administer this medication. Please be sure that the Tylenol permission information on the emergency card is completed and that your signature is on the form. Because Acetaminophen, in large amounts, over a period of time, can cause liver damage, the nurse will give only 4 doses in a 4 week period. Before a fifth dose is given, the parent will be contacted.

Reminder From The School Health Office

Our school’s health clinic specialist/registered nurse is Linda Merkle. She works in the health office each day from 9a until 4p. A health clinic specialist (HCS) works under the direction and supervision of a registered nurse (resource nurse). School staff can contact the school resource nurse at any time for advice or emergencies. HCSs are trained in first aid, cardiopulmonary resuscitation (CPR), use of an external automatic defibrillator (AED), and medication administration. The resource nurse visits the school regularly. Please check the website for the resource nurse for your school. Health office personnel (HCSs and nurses) are not allowed to make a medical diagnosis. If you have an urgent medical concern, please take your child to their personal physician or a medical facility.

- If your child has any significant medical needs, please notify the HCS/RN even if the school has been notified in previous school years. If your child has asthma, diabetes, seizures, life-threatening allergies, or other medical conditions, you and the physician will need to complete a form so the school can understand and address your child’s needs. These forms are available on the Loudoun County Public School (LCPS) website. These forms must be updated each school year.

- School-Sponsored After-School Activities and Sports
  If your child has diabetes, an epinephrine auto-injector, an inhaler, or other emergency medication at school, please notify the teacher/sponsor that your child has the health concern. Also notify the health clinic specialist/nurse 2 weeks prior to the event. The clinic is closed after dismissal and the HCS/RN is not in the building. Arrangements need to be made to have medication available and to train staff. It is strongly suggested that middle and high school students carry their own inhaler and/or epinephrine auto-injector for quick access to medication. For students to carry an inhaler, the physician must complete and sign the “Asthma Action Plan” giving his/her permission for the student to carry the inhaler, and the parent and student must sign page 3, the “Parent/Student Agreement for Permission to Carry an Inhaler”. For students with an epinephrine auto-injector, the physician will need to sign the bottom of the “Allergy Action Plan” and the parent and student will need to sign page 2 under “Agreement for Permission to Self-Administer and/or Carry Epinephrine.” For students with diabetes to carry any of their medical supplies, the diabetes form, Part 4: “Permission to Self-Carry and Self-Administer Diabetes Care,” will need to be signed by the physician, parent, and student.

- If your child is ill because of a contagious disease such as the flu, strep throat, chickenpox, etc., it would be helpful to note the reason for the absence when you call the absentee call-line. This will help the school take measures to know the extent of the disease and reduce its spread.

- Students who have fevers should be kept at home until free of fever for 24 hours. Students who do not feel well should stay home. When students come to school ill, they not only are unable to participate fully in class, but they may also infect other students with their illness.

- A parent or guardian must deliver any medication (prescription or non-prescription) to the school office or health office. **Students may not transport any medication to or from school.** Parents are responsible for picking up any unused medication. Medication remaining in the health office at the end of the year will be destroyed according to state law and LCPS guidelines.

- If your child takes a prescription medication and missing a dose would have serious health consequences (seizure medication, insulin, etc.), it is strongly suggested that a 24-hour supply of the medication be left in the school Health Office in case of a prolonged school day. The medication must be in an original pharmacy-labeled bottle and have a physician’s order on file in the health office. The order must give the times during the 24-hour period that the medication is to be administered.

- The HCS/RN must have written instructions from the physician in order to administer **prescription medications.** The instructions should include:
  - student’s name;
  - name and purpose of the medication;
  - dosage and time of administration;
  - possible side effects and measures to take if those occur;
end date for administering the medication;

- parent/guardian signature giving permission to administer medication and to contact physician, and physician’s signature.

- LCPS will not accept parent/guardian amendments to a physician’s order, including any restriction of the principal’s designee (HCS/RN) from contacting the physician to clarify the medical order.

- The “Authorization for Medication Administration” form should be used for physician’s orders. Copies of this form as well as other medical forms are available in the school office or at the LCPS website under Student Health Services.

- All prescription medication must be in the original pharmacy bottle with the proper label containing the student’s name, medication, dosage, and instructions for administration. Upon request, most pharmacies will provide an extra labeled bottle with the proper amount of medication for school. **Please do not send more than a 60-day supply of medication.**

- If the HCS/RN needs to administer **non-prescription medication**:
  - it must be provided by the parent/guardian in an original package with the name of the medication and instructions;
  - she must have a note from the parent regarding when and how much medication to administer;
  - she will only give the amount listed on the package for your child’s age and weight and for the recommended length of time the student should receive the medication unless she has doctor’s orders on the “Authorization for Medication Administration” form to dispense differently; and
  - she cannot administer medication that is not in its original container.

- For the HCS/RN to give acetaminophen (generic Tylenol) to your child, you must have completed the section on the emergency card that gives permission and sign it. Parents/guardians of elementary students will be contacted before any acetaminophen is given in order to assure that it has not been given at home. Because acetaminophen taken in large amounts over a period of time can cause liver damage, middle and high school students may only receive four doses of acetaminophen in a four-week period. Before a fifth dose is given, the parent/guardian will be contacted.

- Be sure to keep the “Emergency Information” updated so we can reach you if your child is ill or injured. This can easily be done on-line through the Parent Information Management System (PIMS) on the LCPS website.

- All 3rd, 7th, and 10th grade students and students new to LCPS will be screened for vision and hearing during the first 60 days of school. Kindergarten students who did not have distance vision screening or hearing tests within two months of the beginning of school will also be screened.

- The Commonwealth of Virginia requires that school divisions provide information on scoliosis to parents of students in grades 5-10. The scoliosis flyer on the next two pages is provided by the school at the beginning of each school year.
**Scoliosis**

**Curvature of the Spine**

*Scoliosis* is an abnormal curving of the spine from side to side often described as an “S” curve. It affects 2% of Americans, mostly adolescents.

**Cause**
- The cause is unknown in most cases.
- Girls are affected more often than boys.
- Untreated, severe scoliosis can lead to lung and heart damage, back problems, and distressing cosmetic changes.

**Normal Spine**
Has a slight outward curve in the upper back and an inward curve at the waist.

If scoliosis is detected early, then treatment can be started before it becomes a physical or emotional disability.

**Signs**
- One shoulder higher than the other
- Scapula (shoulder blade) on one side of the body is higher or more prominent
- One-sided fullness at the waist
- One hip higher than the other
- Unequal rib prominence

**Normal View from Back**
Shoulder blades and spine appear straight

**Abnormal View from Back**
The spine curves abnormally to the side

**Abnormal View Bending Forward**
Shoulders and/or hips appear uneven

**Symptoms**
- Backache or low back pain
- Fatigue
- Maybe none

**How to Check Your Child’s Spine**
- Stand behind the child.
- Ask child to stand with feet together and bend forward to touch the toes.
- Check that the shoulders and the top of the hips are at the same height, the head is centered, and the rib cage is symmetrical. Note that the waist is even and that the body does not lean to one side.
- It may be helpful to run your hands along the spine to detect any abnormalities.
- Ask the child to stand up, turn around to face you, and to bend down again.
- Repeat the assessment.
- If any lateral curvature is noted, your child needs further evaluation.

**What should be done if any of the signs and symptoms are present?**
Contact your primary care physician for an appointment to have your child’s back evaluated.

Student Activities

Does your student want to get involved at school, but doesn't know where to start? If you answered "yes," then this article is the place for you! Stone Bridge has numerous clubs or groups that students can join...from Amnesty International to Bulldog Readers to Table Tennis with pretty much anything else you're looking for in between.

Below, you will find a list of the 2014-2015 Clubs and Organizations with their advisors. Please keep in mind that clubs are always being added and that some advisors may change. Also, we will have an Activities Fair in September so that students can get an up close look at clubs and sign up to join. At the fair, they will receive a brochure detailing each club's mission and purpose. If you have any questions about a club, please feel free to e-mail Nan Lewis, Activities Coordinator at Adriana.rice@lcps.org.

Parent Workshop
Please join us for our one-night school presentation:

Little-Known Secrets of Paying for College

For many families, the high cost of higher education is a daunting proposition. Since 2002, our workshop has educated parents throughout Virginia and Maryland regarding the complicated and often frightening proposition of paying for college. We demonstrate strategies that have helped save families over $40,000 per year in tuition and fees. While the high school college and career counselors serve a valuable role in helping students and families prepare for and select schools, our unique program teaches families how to pay for schools that they may have thought were out of reach based upon the “sticker price.”

**Attend Our Workshop to Learn:**
- Strategies to attend private universities for the same out of pocket cost as in-state schools
- An overview of financial aid and how to qualify for the maximum package
- Unique strategies to pay for multiple children attending college simultaneously
- An insider’s view of the college admissions process
- How to recapture out of pocket college costs
- Avoid jeopardizing your retirement nest egg
- And much, much more!

Please join us for this special presentation for the parents of Stone Bridge High School students. This December 8th two-hour workshop is a tremendous complement to the campus visits and the other school programs that will ultimately make college an attainable and fiscally efficient goal for your family. For more information, please contact Tim Lucas, tim.lucas@lcps.org.
