

Summary Report by School

Admin: Spring 2011 Writing
 Level: 008
 School: 0790 - BLUE RIDGE MS
 Division: 053 - LOUDOUN COUNTY

Test Reporting Categories	# Tests Administered	NUMBER AND PERCENT OF STUDENTS EARNING EACH DOMAIN SCORE								Mean Scaled Score (MC+SP)	Percent Passing	PERFORMANCE LEVEL SUMMARY Number and Percent in Each			
		Area	Consistent Control # %	Reasonable Control # %	Inconsistent Control # %	Little or No Control # %	Fail # %	Pass / Proficient # %	Pass / Advanced # %						
Gr 8 Writing	288		130 45	152 53	5 2	1 0		460.4	98.61	4	1	250	87	34	12
Plan, compose, and revise in a variety of forms for a variety of purposes.		Composing Written Expression	134 47	147 51	6 2	1 0		40.1							
Edit for correct use of language, capitalization, punctuation, and spelling.		Usage-Mechanics	201	80	28	2	1	0	40.3						

Mean Scaled Score Multiple-Choice and Short Paper (MC + SP):

The mean scaled score for this test represents the average of all total scaled scores earned on the Writing test by the students represented in this report. Overall scaled scores range from 0 to 600. A mean scaled score between 400 and 499 signifies that the average score of these students was a passing score. A mean scaled score of 500 or higher indicates the average score of these students was an advanced passing score. A mean scaled score less than 400 signifies the average score of these students was below the score required to pass the test.

Additional Information:

For information about the reporting categories and domain scores represented on this report, please review the Standards of Learning English - Writing Test Blueprints on the Virginia Department of Education's Web site at <http://www.doe.virginia.gov/VDOE/Assessment/so1tests/>

Mean Scaled Score:

The mean scaled score for this test represents the average of all scaled scores earned by the students represented in this report. Overall scaled scores range from 0 to 600. A mean scaled score between 400 and 499 signifies that the average score of these students was a passing score. A mean scaled score of 500 or higher indicates the average score of these students was an advanced passing score. A mean scaled score less than 400 signifies the average score of these students was below the score required to pass the test.

Reporting Category: The mean scaled score for a reporting category represents the average of the scaled scores earned in that reporting category by the students represented in this report. Reporting category scaled scores range from 0 to 50 and the mean of these scaled scores can help identify the strengths and weaknesses of the students represented on this report. A mean scaled score of 30 or higher in a reporting category represents an area of strength, while a reporting category with a mean scaled score of less than 30 may be an area where additional work is needed.
